The Seller shall provide the Company an opportunity to review any proposed manuscripts describing, in whole or in part, the results of the work performed or any data developed under this Agreement at least forty-five (45) days prior to their submission for publication. The Company will review the proposed publication and provide comments. A response shall be provided to the Seller within forty-five (45) days; otherwise, the Seller may assume that the Company has no comments. Prior to submission for publication, the Seller agrees to address any concerns or issues identified by the Company, including, but not limited to, those relating to information that might compromise inventions; proprietary information provided by the Company to the Seller; and information identified and protected from disclosure pursuant to Clause 11, Security Requirements.

b) Seller may acknowledge the Company and Government sponsorship of the work only with the prior written approval of the Subcontractor Administrator. The interest of the Company in this Agreement may not be used in advertising or publicity without advance written approval of the Company.

3. REPORT PREPARATION REQUIREMENTS

a) These requirements apply to all formal reports, including the final report, required by the Agreement. They do not apply to letter reports or reports specifically identified in this Agreement as informal reports.

b) The final report shall contain a comprehensive summary of all work results and conclusions. All reports shall fairly and completely describe the efforts applied to and the results obtained toward achievement of objectives of the Agreement work. If an objective is not accomplished, such failure shall be fully documented and explained in the report.

c) Reports shall include the following elements: (1) a brief abstract of the report which describes the overall objectives and results; (2) a full statement of each objective and description of the effort performed and the accomplishments achieved; (3) a list of any publication or information release made of material developed or maintained through the performance of the Agreement; and any other relevant information.

4. NOTIFICATION OF CLAIMS, BANKRUPTCY, AND OTHER MATTERS

b) The Seller shall immediately notify the Subcontract Administrator in writing of: (1) any action filed by or against the Seller, including any proceeding in bankruptcy or before an administrative agency, arising out of the performance of this Agreement; and (2) any claim against the Seller, the cost and expense of which is allowable under the terms of this agreement. If, at any time during the performance of this Agreement, the Seller becomes aware of any circumstances which may

jeopardize its performance of all or any portion of the Agreement, it shall immediately notify the Subcontract Administrator in writing of such circumstances, and the Seller shall take whatever action is necessary to cure such defect within the shortest possible time.

5. ASSIGNMENTS

The Company may assign this Agreement to the Government or its designee(s), and in the event of such an assignment and upon notice thereof to the Seller, the Company shall have no further responsibilities under the Agreement. Except as to assignment of payment due, the Seller shall have no right to assign, mortgage, or subcontract this Agreement or any part of it without the prior written approval of the Subcontract Administrator.

6. DISPUTES

A. Informal Resolution

1) The parties to a dispute shall attempt to resolve it in good faith, by direct, informal negotiations. All negotiations shall be confidential. Pending resolution of the dispute, the Seller shall proceed diligently with the performance of this Agreement, in accordance with its terms and conditions.

2) The parties, upon mutual agreement, may seek the assistance of a neutral third party at any time, but they must seek such assistance no later than 120 days after the date of the Company's receipt of a claim. The parties may request the assistance of an established Ombuds Program, where available, or hire a mutually agreeable mediator, or ask the DOE Office of Dispute Resolution to assist them in selecting a mutually agreeable mediator. The cost of mediation shall be shared equally by both parties. If requested by both parties, the neutral third party may offer a non-binding opinion as to a possible settlement. All discussions with the neutral third party shall be confidential.

3) In the event the parties are unable to resolve the dispute by using a neutral third party or Ombuds Program, the Seller shall submit to the Company's Procurement Manager a written claim for payment or other relief based on the disputed matter, citing this Clause 6, *Disputes*, and requesting a Final Decision (hereinafter a "Claim").

4) A Claim from Seller shall be deemed denied if the Procurement Manager does not issue a written Final Decision (i) by the date the Procurement Manager notified Seller that the decision would be issued, or (ii) within 60 calendar days after receipt of the Claim if the Procurement Manager did not notify Seller of a date by which the Final Decision would be issued. The Procurement Manager may, but is not required to, issue a written Final Decision after a Claim is deemed denied.

5) The Procurement Manager's written Final Decision on any Seller Claim shall be final and conclusive between the parties with no right of judicial review; provided however, that the Final Decision shall not be final and binding against either party, and shall be given no evidentiary weight by an arbitrator or trier of fact, if, within 90 calendar days of Seller's receipt of the written Final Decision, the parties agree to submit the Claim to binding arbitration as provided for in section B below or the Seller files suit in the appropriate court as provided for in section C below.

6) Seller shall have no right to file suit prior to the date of the written Final Decision or 60 calendar days from the

Procurement Manager's receipt of the Claim, whichever occurs earlier.

B. Formal Resolution

1) Unless prohibited by the state laws of either party, a dispute not resolved by informal resolution may be submitted to binding arbitration upon written agreement of both parties. Any such arbitration shall be conducted by and in accordance with the Commercial Arbitration Rules of the American Arbitration Association. If arbitration is agreed to by both parties, such agreement is irrevocable, except by written agreement of the parties, and the outcome of the arbitration shall be binding on all parties.

2) Each party to the arbitration shall pay its pro rata share of the arbitration fees and costs, except that each party shall be responsible for counsel fees or witness fees or other expenses incurred by the party for its own benefit.

3) Judgment on the award rendered by the arbitrator may be entered in any court having jurisdiction.

C. Litigation

1) Where Seller is a State agency, such as an educational institution, the applicable constitutional provisions or statutes that govern sovereign immunity shall dictate the appropriate forum and law governing substantive issues.

2) In all other cases, subject to C.3 below, any litigation shall be brought and prosecuted exclusively in Federal District Court, with venue in the United States Court for the Eastern District of Tennessee, Northern Division.

3) However, in the event the requirements for jurisdiction in Federal District Court are not present, such litigation shall be brought in Anderson, Knox, or Roane County, Tennessee, in the Circuit or Chancery Court, as appropriate.

4) THE PARTIES AGREE TO TRIAL BY JUDGE ALONE AND HEREBY WAIVE ANY RIGHT TO DEMAND A TRIAL BY JURY.

5) If a court awards prejudgment interest on a claim, the interest rate shall be the applicable rate established by the Secretary of the Treasury under Section 12 of the Contract Disputes Act of 1978 (Public Law 95-563).

D. Applicable Law

1) The parties agree that, subject to C.1, the resolution of all issues arising from or relating to this Agreement shall be governed to the maximum extent practicable by the common law of federal contracts; provided, however, that (1) the "Christian Doctrine" shall not apply, meaning that federal procurement clauses (e.g., the FAR, including agency supplements) or portions thereof not appearing in this Agreement shall not be read into this Agreement, and (2) where the language of any clause, provision or term herein differs from the language of a federal procurement clause, provision or term, the differing language of this Agreement shall control. Where the common law of federal contracts does not apply, then subject to C.1, resolution shall be governed by the laws of the State of Tennessee.

7. RESPONSIBILITY FOR TECHNOLOGY EXPORT CONTROL

The parties understand that materials and information resulting from the performance of this Agreement may be subject to export control laws and that each party is responsible for its

own compliance with such laws. Transfer of such materials and information may require some form of export control license or other authority from the Government, and failure to obtain such export control license may result in criminal liability under U.S. laws.

8. COST ACCOUNTING STANDARDS (CAS)

LIABILITY

[Applicable to Agreements exceeding \$700,000]

Clause 19 below incorporates into these GENERAL TERMS AND CONDITIONS clauses entitled, "COST ACCOUNTING STANDARDS" and "ADMINISTRATION OF COST ACCOUNTING STANDARDS." Notwithstanding the provisions of these clauses, or of any other provision of the Agreement, the Seller shall be liable to the Government for any increased costs, or interest thereon, resulting from any failure of the Seller, with respect to activities carried on at the site of the work, or of a subcontractor, to comply with applicable cost accounting standards or to follow any practices disclosed pursuant to the requirements of such clause.

9. DISCLOSURE AND USE RESTRICTIONS FOR LIMITED RIGHTS DATA

Generally, delivery of Limited Rights Data (or Restricted Computer Software) should not be necessary. However, only if Limited Rights Data will be used in meeting the delivery requirements of the Agreement, the following disclosure and use restrictions shall apply to, and shall be inserted in, any FAR 52.227-14, Rights in Data-General (DEC 2007) Limited Rights Notice on any Limited Rights Data furnished or delivered by the Seller or a lower-tier subcontractor:

a) These "Limited Rights Data" may be disclosed for evaluation purposes under the restriction that the "Limited Rights Data" be retained in confidence and not be further disclosed;

b) These "Limited Rights Data" may be disclosed to other contractors participating in the Government's program of which this Agreement is a part for information or use in connection with the work performed under their contracts and under the restriction that the "Limited Rights Data" be retained in confidence and not be further disclosed;

c) These "Limited Rights Data" may be used by the Government or others on its behalf for emergency repair or overhaul work under the restriction that the "Limited Rights Data" be retained in confidence and not be further disclosed; and

d) These "Limited Rights Data" may be used (except for manufacture) by support service contractors participating in the Government's program of which this Agreement is a part for information or use in connection with work performed solely in connection with work under this Agreement and under the restriction that the "Limited Rights Data" be retained in confidence and not be further disclosed.

10. ORDER OF PRECEDENCE

Any inconsistencies shall be resolved in accordance with the following descending order of precedence in Agreement documents:

- 1) The Schedule (excluding Sections C and G);
- 2) Negotiated Alterations or Special Provisions;

- 3) General Terms and Conditions;
- 4) Clauses Incorporated by Reference;
- 5) Supplemental Conditions;
- 6) Specifications or Statement of Work, or other description of services or supplies; and
- 7) Drawings.

11. SECURITY REQUIREMENTS

a) This Agreement is intended for unclassified, publicly releasable research or development work. The Company does not expect that results of the research project will involve classified information or Unclassified Controlled Nuclear Information (UCNI) (See 10 CFR part 1017). However, the Company or Government may review the research work generated under this Agreement at any time to determine if it requires classification or control as UCNI.

b) If, subsequent to the date of this Agreement, a review of the information by either party or the Government reveals that classified information, including potential classified inventions, or UCNI is being generated under this Agreement, then the Seller shall protect the information from disclosure unauthorized by law and the Company may direct a change in the security requirements of this Agreement. If such changes cause an increase or decrease in costs or otherwise affect any other term or condition of this Agreement, the Agreement shall be subject to an equitable adjustment as if the changes were directed under the Changes clause of this Agreement.

c) If the security requirements are changed, the Seller shall exert every reasonable effort compatible with its established policies to continue the performance of work under the Agreement in compliance with the change in the security requirements. If the Seller determines that continuation of the work under this Agreement is not practicable because of the change in security requirements, the Seller shall notify the Subcontract Administrator in writing. Until the Subcontract Administrator provides direction in response to the Seller's notice, the Seller shall protect the material as directed by the Company.

d) After receiving the written notification, the Subcontract Administrator shall explore the circumstances surrounding the proposed change in security requirements and shall endeavor to work out a mutually satisfactory method to allow the Seller to continue performance of work under this Agreement.

e) Within 15 days of receiving the written notification of the Seller's stated inability to proceed, the Subcontract Administrator must determine whether (1) these security requirements do not apply to this Agreement, (2) a mutually satisfactory method for continuing performance of work under this Agreement can be agreed upon, or (3) the Company will terminate the Agreement, in whole or in part, for convenience. If this determination is not made, the Seller may request the Subcontract Administrator to terminate the Agreement in whole or in part. The Subcontract Administrator shall terminate the Agreement in whole or in part, as may be appropriate, and the termination shall be deemed a termination under the terms of the *Termination for Convenience of the Government* clause.

12. COMPANY-FURNISHED AND SELLER-ACQUIRED PROPERTY

a) The Company shall furnish the Seller the materials, equipment, and supplies, if any, listed in Section C, Statement of Work.

b) Purchase of equipment or other tangible personal property, which is not identified in the Seller's cost proposal for this Agreement and for which the Seller may seek to be reimbursed as a direct item of cost under this Agreement, shall be approved in advance by the Subcontract Administrator.

c) Except as provided in paragraph e, below, all property furnished by the Company or property acquired by the Seller as a direct cost under the Agreement, title to which vests in the Government, shall be identified, controlled, and protected as required by FAR 52.245-1, which is incorporated by reference as a part of this Agreement. Disposition of such property upon completion of this Agreement shall be as directed by the Subcontract Administrator.

d) If the Company provides the Seller property that is identified as "high risk property" for use under this Agreement or if the Seller acquires high risk personal property as a direct cost under the Agreement, the Seller shall ensure that adequate safeguards are in place, and adhered to, for the handling, control and disposition of this property in accordance with the policies, practices and procedures for property management contained in the DOE Property Management regulations (41 CFR Subpart 109-1.53). Notwithstanding FAR 52.245-1, Alternate II, title to all high risk personal property vests in the Government, and disposition of such property upon completion of the Agreement shall be as directed by the Subcontract Administrator.

e) Notwithstanding FAR 52.245-1, Alternate II, the Company shall determine at the conclusion of the Agreement whether the educational institution shall be allowed to retain Seller-acquired high risk personal property and/or sensitive items with an acquisition cost of less than \$5,000.

f) Definitions. "High risk personal property" means property that, because of its potential impact on public health and safety, the environment, national security interests, or proliferation concerns, must be controlled, and disposed of in other than the routine manner. 41 CFR 109-1.100-51. "Sensitive items" means those items of personal property provided by the Company or acquired by the Seller as a direct cost under the Agreement that are considered to be susceptible to being appropriated for personal use or which can be readily converted to cash, for example: firearms, portable photographic equipment, binoculars, portable tape recorders, portable calculators, portable power tools, portable computers, and portable communications equipment. 41 CFR 109-1.100-51.

13. TRAVEL REQUIREMENTS

a) All travel not included in the Seller's cost proposal must be approved in advance by the Company.

b) All foreign travel must be specifically approved in advance by the Company and DOE, even if the cost is included in the Seller's cost proposal for this Agreement. Requests for approval for travel to a sensitive country or involving a sensitive subject shall be submitted to the Company at least 40 days prior to the proposed departure date.

Requests for approval for travel to nonsensitive country and not involving a sensitive subject shall be submitted to the Company at least 30 days prior to the proposed departure date. Post-travel trip reports for all foreign travel must be submitted within 25 days after return. Foreign travel requests should be submitted on DOE F 551.1 dated (08-02).

14. PERFORMANCE OF WORK

a) The Seller will perform the work at a location other than a DOE/NNSA Facility.

b) The Seller may attend meetings at the Y-12 National Security Complex ("Y-12") provided such meetings do not involve any activities listed below:

- require a Y-12 Job Hazard Analysis;
- involve unescorted access to Y-12 limited areas;
- require Seller employees to have access to the Y-12 site for 10 or more days during a 12 month period;
- require Seller employees to receive any Y-12 Training;
- involve access to Classified or Y-12 Unclassified Controlled Information;
- require access to Y-12 networks or systems requiring authentication and Security controls; and/or
- otherwise require work to be performed at Y-12 or utilize Y-12 networks.

c) In the event any activities associated with the Agreement, in whole or in part involve activities listed in subparagraph B, above, additional safety, security, and other Y-12 site specific requirements will be required and the parties will negotiate, in good faith, such clauses to be included in the Agreement to address additional on-site requirements as the parties deem appropriate.

15. COMPLIANCE WITH LAWS

a) In performing work under the Agreement, the Seller shall comply with the requirements of applicable Federal, State, and local laws and regulations, unless relief has been granted in writing by the appropriate regulatory agency.

b) Except as otherwise directed by the Company, the Seller shall procure all necessary permits or licenses required for the performance of work under the Agreement.

c) Regardless of the performer of the work, the Seller is responsible for compliance with the requirements of this clause. The Seller is responsible for flowing down the requirements of this clause to subcontracts at any tier to the extent necessary to ensure the Seller's compliance with the requirements.

16. AGREEMENT FOR BENEFIT OF DOE

a) Funding – The Company shall make all payments under the Agreement from Government funds advanced and agreed to be advanced by DOE, and not from its own funds. In almost all circumstances, funds recovered by Company from the Seller are Government funds.

b) Company Right to Recovery – The Company, a Managing and Operating Contractor, acting under its Prime Contract with DOE, has entered into the Agreement with the

Seller for the benefit of DOE. If the Company seeks recovery from the Seller, the Seller agrees it shall not plead, assert or raise in any manner a defense that the Company has no right to recover (1) because the Company itself, rather than DOE/NNSA, has suffered no damages on account of the cost-reimbursable nature of the Company's Prime Contract with DOE, or (2) because DOE has accepted the project or task performed under the Agreement.

17. ACCEPTANCE OF TERMS AND CONDITIONS

Failure of Company to enforce any of the provisions of the Agreement shall not be construed as (1) evidence to interpret the requirements of the Agreement, (2) a waiver of any requirement, or (3) a waiver of the right of Company to enforce each and every provision. No waiver of any provision or part thereof of the Agreement shall be valid unless such waiver is in a writing signed by the Subcontract Administrator. Any waiver shall be strictly construed and shall apply on a one-time basis unless expressly stated to apply otherwise.

18. CONFIDENTIALITY OF INFORMATION

To the extent that work under the Agreement requires that Seller be given access to confidential or proprietary business, technical, or financial information belonging to the Government, the Company, or other parties, the Seller shall after receipt thereof, treat such information as confidential and shall limit disclosure of such information to only its employees and students who have a need to know such information and who are obligated to treat such information as confidential. Seller agrees not to appropriate such information to its own use or to disclose such information to third parties unless specifically authorized by Company in writing. The foregoing obligations, however, shall not apply to (1) information which, at the time of receipt by the Seller is in public domain; (2) information which is published after receipt thereof by the Seller or otherwise becomes part of the public domain through no fault of the Seller; (3) information which the Seller can demonstrate was in its possession at time of receipt thereof and was not acquired directly or indirectly from the Government or Company; (4) information which the Seller can demonstrate was received by it from a third party who did not require the Seller to hold it in confidence; or (5) information required by law to be disclosed, provided Company has been given 60 days' written notice prior to disclosure.

19. CLAUSES INCORPORATED BY REFERENCE

a) The FEDERAL ACQUISITION REGULATION (FAR) and the U.S. DEPARTMENT OF ENERGY ACQUISITION REGULATION (DEAR) clauses listed below, which are located in Chapters 1 and 9, respectively, of Title 48 of the Code of Federal Regulations, and the Company clauses listed below are incorporated by this reference as a part of these GENERAL TERMS AND CONDITIONS with the same force and effect as if they were given in full text, as prescribed below.

As used in DEAR clause 952.227-9, the term "DOE" shall mean DOE/NNSA or the Company.

e) The modifications of these clause terms are intended to appropriately identify the parties and establish their contractual and administrative reporting relationship and shall not apply to the extent they would affect the U.S. Government's rights; nor do they apply to the extent they are inconsistent with the text that accompanies the individual clause citations below.
