1. DEFINITIONS

The following terms shall have the meanings below:

(a) Government means the United States of America and includes the U. S. Department of Energy (DOE), the National Nuclear Security Administration (NNSA), or any duly authorized representative thereof.

(b) Company means Consolidated Nuclear Security, LLC (Y-12) acting under Contract No. DE-NA0001942.

(c) Seller means the person or organization that has entered into this Agreement with the Company.

(d) Agreement means Purchase Order, Subcontract, Price Agreement, AVID Agreement, Basic Ordering Agreement, or Modification thereof.

(e) Article or Clause is the numbered paragraph of General Terms & Conditions

(f) Subcontract Administrator means Company’s cognizant Procurement representative.

(g) Subcontract Technical Representative means the duly authorized Company representative who provides technical direction to the Seller in performance of the work under this Agreement.

(h) Educational Institution means an entity described in Office of Management and Budget Circular No. A-21.

(i) On-site work means work in furtherance of this Agreement at a DOE-owned or –leased area or Company-owned or –leased area.

2. ORDER OF PRECEDENCE

Any inconsistencies shall be resolved in accordance with the following descending order of precedence in Agreement documents:

- (a) The Schedule (excluding Sections C and G);
- (b) Negotiated Alterations or Special Provisions;
- (c) General Terms and Conditions;
- (d) Clauses Incorporated by Reference;
- (e) Supplemental Conditions;
- (f) Specifications or Statement of Work, or other description of services or supplies; and
- (g) Drawings.

3. AGREEMENT FOR BENEFIT OF DOE

(a) Funding – Company shall make all payments under this Agreement from Government funds advanced and agreed to be advanced by DOE, and not from its own funds. In almost all circumstances, funds recovered by Company from Seller are Government funds.

(b) Administration – Administration of this Agreement may be transferred, in whole or in part, to DOE or its designee(s), and to the extent of such transfer and notice thereof to Seller, Company shall have no further responsibilities hereunder.

(c) Company Right to Recovery – The Company, a Managing and Operating Contractor, acting under its Prime Contract with DOE, has entered into this Agreement with Seller for the benefit of DOE. If Company seeks recovery from Seller, Seller agrees it shall not plead, assert or raise in any manner a defense that Company has no right to recover (1) because the Company itself, rather than DOE/NNSA, has suffered no damages on account of the cost-reimbursable nature of Company’s Prime Contract with DOE, or (2) because DOE has accepted the project or task performed under this Agreement.

4. ACCEPTANCE OF TERMS AND CONDITIONS

(a) Seller, by signing this Agreement, delivering the supplies, or performing the requirements indicated herein, agrees to comply with all the terms and conditions and all specifications and other documents that this Agreement

incorporates by reference or attachment. Company hereby objects to any terms and conditions contained in any acknowledgment of this Agreement that are different from or in addition to those mentioned in this Agreement.

(b) Failure of Company to enforce any of the provisions of this Agreement shall not be construed as (1) evidence to interpret the requirements of this Agreement, (2) a waiver of any requirement, or (3) a waiver of the right of Company to enforce each and every provision. In accordance with Tennessee Code, Section 47-50-112(c), no waiver of any provision or part thereof of this Agreement shall be valid unless such waiver is in a writing signed by the Subcontract Administrator. Any waiver shall be strictly construed and shall apply on a one-time basis unless expressly stated to apply otherwise.

5. EMPLOYEE CONCERNS PROGRAM

(a) For purposes of this clause, "Seller employees" are persons employed by Seller and engaged in on-site work or activities directly related to on-site work.

(b) Seller must notify Seller employees that:

(1) DOE and the Company maintain an Employee Concerns Program (ECP) that extends to Seller employees. An "employee concern" is a good-faith expression by an employee that a policy or practice by DOE, Company, or Seller should be improved, modified, or terminated. Concerns may address health, safety, the environment, management practices, ethics, harassment, discrimination, fraud, waste, or reprisal for raising a concern.

(2) The Company ECP provides Seller employees with a forum for consideration of employee concerns. Two purposes of the Company ECP are to ensure that Seller employees can raise employee concerns without fearing reprisal, and to address employee concerns in a timely and objective manner.

(3) Seller employees have the right and responsibility to report concerns relating to the environment, safety, health, or management of DOE-related activities. While Seller employees are encouraged first to seek resolution with first-line supervisors or organizational managers, or through Seller's own existing complaint or dispute-resolution systems, Seller employees have the right to report concerns through the Company ECP by calling 865-574-7744 or 865-574-7755. Seller employees may also call the NNSA NPO at 1-865-576-6440, or the DOE Employee Concerns Hotline at 1-800-688-5713.

(4) Although concerns may be reported anonymously, the investigation into the concern may be limited if insufficient information is provided when submitting the concern. Those who submit concerns anonymously will not receive a direct response.

(5) For on-site work or activities directly related to on-site work, Seller is subject to the DOE Contractor Employee Protection Program procedures of 10 CFR 708 for processing complaints of alleged retaliation for disclosure of information concerning danger to public or worker health or safety, substantial violations of law, or gross mismanagement; for participation in Congressional proceedings; or for refusal to participate in dangerous activities. The provisions of 10 CFR

708 prohibit reprisals against Seller employees in response to, or in retaliation for, having raised good-faith reasonable concerns about DOE-related operations.

(c) Seller must assist Company and/or DOE in the resolution of employee concerns in a manner that protects the health and safety of both employees and the public and ensures effective and efficient operation of DOE-related activities under Seller's or Company's jurisdiction.

(d) Seller must cooperate with assessments used to verify that it has acted to minimize, correct, or prevent recurrence of the situation that precipitated a valid concern.

(e) Notices containing the information in subparagraph (b) and which are posted in areas where DOE-related work is performed will satisfy the notification requirement of subparagraph (b).

6. COOPERATING WITH DOE OFFICE OF INSPECTOR GENERAL

(a) Seller shall cooperate fully and promptly with requests from the DOE Office of Inspector General (OIG) for information and data relating to DOE programs and operations. The Seller must ensure that its employees (i) comply with requests by the OIG for interviews and briefings and provide affidavits or sworn statements, if so requested by an employee of the OIG so designated to take affidavits or sworn statements, and (ii) not impede or hinder another employee's cooperation with the OIG.

(b) Seller must ensure that reprisals are not taken against employees who cooperate with or disclose information to the OIG.

7. REPORTING WASTE, FRAUD, AND ABUSE

(a) General Requirements - Seller shall ensure its employees having information about actual or suspected violations of laws, regulations, or policies including fraud, waste, abuse, misuse, corruption, criminal acts, or mismanagement relating to DOE programs, operations, facilities, contracts, or information technology systems notify an appropriate authority. Examples of violations to be reported include, but are not limited to, allegations of false statements; false claims; bribery; kickbacks; fraud; environmental, safety, and health violations; theft, computer crimes; subcontractor mischarging; conflicts of interest; and conspiracy to commit any of these acts. Seller must ensure that its employees are aware that its employees are required to report actual or suspected violations. Reporting can be as follows: Company Ethics Hotline; phone 865 576-1900 (M-Th 7:00 AM – 5:30PM EST); fax 865 574-9656; Office of Inspector General; 1-800-541-1625 (M-F 8:00AM – 4PM EST)

(b) Seller Specific Requirements - Seller shall inform its employees annually of their duty to report allegations of information described in General Requirements above; display the OIG hotline telephone number in buildings and common areas under its responsibility such as cafeterias, public telephone areas, official bulletin boards, reception rooms, and building lobbies; publish the OIG hotline telephone number in telephone books, newsletters, or other means of widespread communication to employees under its responsibility; Seller and its employees shall report to the OIG within a reasonable

period of time, but not later than 24 hours after discovery of any alleged violations; shall not take any reprisal action against an employee for reporting actual or suspected violations to the OIG.

(c) Flowdown - Requirements of this clause shall be flowed down to all lower-tier subcontractors.

8. PUBLIC RELEASE OF INFORMATION

(a) Seller shall not publicly disclose information concerning any aspect of the materials or services relating to this Agreement without the prior written approval of the Subcontract Administrator unless specifically required by law.

(b) The interest of the Company in this Agreement may not be used in advertising or publicity without advance written approval of the Company.

(c) This clause shall flow down to all appropriate lower-tier subcontracts.

9. CONFIDENTIALITY OF INFORMATION

(a) To the extent that work under this Agreement requires that Seller be given access to confidential or proprietary business, technical, or financial information belonging to the Government, the Company, or other parties, Seller shall after receipt thereof, treat such information as confidential and agrees not to appropriate such information to its own use or to disclose such information to third parties unless specifically authorized by Company in writing. The foregoing obligations, however, shall not apply to (1) information which, at the time of receipt by Seller is in public domain; (2) information which is published after receipt thereof by Seller or otherwise becomes part of the public domain through no fault of Seller; (3) information which Seller can demonstrate was in its possession at time of receipt thereof and was not acquired directly or indirectly from Government or Company; (4) information which Seller can demonstrate was received by it from a third party who did not require Seller to hold it in confidence.

(b) Seller shall obtain written agreement, in a form satisfactory to Company, of each employee permitted access, whereby the employee agrees that he will not discuss, divulge or disclose any such information or data to any person or entity except those persons within Seller's organization directly concerned with performance of this Agreement.

(c) Seller agrees, if requested by Company or DOE, to sign an agreement identical, in all material respects, to the provisions of this clause, with each company supplying information to Seller under this Agreement, and to supply a copy of such agreement to Company.

(d) Seller agrees that upon request by Company or DOE, it will execute a DOE-approved agreement with any party whose facilities or proprietary data it is given access to or is furnished, restricting use and disclosure of the data or the information obtained from the facilities. Upon request by Company or DOE, such an agreement shall also be signed by Seller's personnel.

(e) This clause shall flow down to all appropriate lower-tier subcontracts.

10. COMPLIANCE WITH LAWS

(a) In performing work under this Agreement, the Seller shall comply with the requirements of applicable Federal, State, and local laws and regulations, unless relief has been granted in writing by the appropriate regulatory agency.

(b) Except as otherwise directed by the Company, the Seller shall procure all necessary permits or licenses required for the performance of work under this Agreement.

(c) Regardless of the performer of the work, the Seller is responsible for compliance with the requirements of this clause. The Seller is responsible for flowing down the requirements of this clause to subcontracts at any tier to the extent necessary to ensure the Seller's compliance with the requirements.

11. WORK SCHEDULE

(a) Y-12 has adopted a work schedule of four ten-hour days, Monday through Thursday. Shifts begin at 6:00 a.m., 6:30 a.m., 7:00 a.m., 7:30 a.m., 8:00 a.m., or 8:30 a.m. Seller employees working on site at Y-12 must adopt the work schedule of four ten-hour days and must work shifts acceptable to their Subcontract Technical Representatives.

(b) Shipments will not be received at Y-12 on Fridays. Shipments will be received Mondays through Thursdays from 7:00 a.m. to 1:30 p.m. (7:00 a.m. to 11:00 a.m. for hazardous materials).

(c) The Seller must include this clause in subcontracts requiring work to be performed on site at Y-12.

12. PROHIBITED ITEMS AT Y-12

(a) General. The prohibitions in this clause apply at the Y-12 National Security Complex and at sites leased by Y-12.

(b) Alcohol. Alcoholic beverages are prohibited.

(c) Information Technology (IT) devices. (1) A current list of acceptable IT devices for use at Y-12 is available to Seller and its employees at <http://www.y12.doe.gov/business/procurement/subcontracting/>. Seller agrees to review the list before entering this agreement and to check it periodically for updates before reporting for on-site work.

(2) Within Y-12's Limited Areas, Exclusion Areas, Material Access Areas, and Protected Areas (security areas designated by DOE for the protection of classified and other materials), **all** personally owned IT devices are prohibited without prior written approval obtained through the Subcontract Technical Representative (STR). The prohibited IT devices include, without limitation, cellular telephones, smart phones, personal digital assistants, personal electronic devices, pagers, and flash memory storage devices. Examples include the iPhone, iPod, iPad, Droid, BlackBerry, Evo, Pro Plus, Rogue, e-readers such as the Kindle or Nook, netbooks, and laptop computers. These are only examples and this list is not exhaustive.

(3) Personally owned IT devices may be taken into, and used in, Y-12's designated Property Protection Areas unless otherwise posted as prohibited. Seller must confirm with the STR whether a particular area is a Property Protection Area. However, if any IT device contains one of the following features, then that feature cannot be used at any time: (A) camera capability; (B) built-in recording capability; or (C) Wi-

Fi connection to the Y-12 networks, unless the STR has provided prior written approval.

(4) Personally owned IT devices may not be connected to Y-12 networks or Y-12 issued IT computing devices or components (i.e., printers) without prior written approval obtained through the STR. In no event may Y-12 data be stored on personally owned IT devices.

(5) In the event of a personal emergency while within the Y-12 NSC boundary, do not dial 911 from a cellular telephone. A personal cellular telephone may be used to contact the Plant Shift Superintendent's (PSS) office at 574-7172 for assistance. Dialing 911 from a cellular telephone does not contact the Y-12 plant's emergency services and will therefore delay assistance.

(6) Seller employees must self-report to the STR any violation of these restrictions on IT devices. (d) Dangerous instruments. Instruments likely to produce substantial injury to persons or property are prohibited. This prohibition includes:

- Bows and arrows
- Explosive devices
- Firearms and any ammunition
- Knives with blades longer than three inches and switchblades
- Stun guns, mace, pepper spray
- Martial arts weapons and equipment
- Weapons or simulated weapons

(e) Media. (1) Use of any personally owned media, such as Universal Serial Bus (USB) flash memory drives, USB memory keys, memory sticks, compact discs, floppy discs, etc., is prohibited without prior written approval obtained through the STR. Approval will require, among other things, that the media or device be labeled according to Y-12 guidance pertaining to data content type and thereafter properly accounted for and destroyed if required. In no event may Y-12 data be stored on personally owned media.

(2) Government owned media that has been used in private personal computers may not be connected, attached, or inserted into any government device without prior written approval obtained through the STR.

(f) Pagers. Two-way pagers are prohibited. One-way pagers and pagers with the capability for the user to select and transmit one of several manufacturers' pre-programmed responses (for example, "Message received") are allowed.

(g) Transmitting, recording and photographic equipment. Transmitting, recording, or photographic equipment is prohibited without prior written approval obtained through the STR. Such equipment includes, but is not limited to:

- Cameras
- Portable tape players
- Portable two-way radios
- Recording Devices
- Video recorders

(h) Wireless devices. The following devices are prohibited without prior written approval obtained through the STR:

- Cordless telephones
- Devices with infrared, Bluetooth, or radio frequency (RF) capability; Bluetooth may, however, be used outside in facility parking lots designated as PPAs

and while driving on Bear Creek Road and access road leading to or from PPA parking areas

- Global Positioning System (GPS) units
- Wireless local area networks (WLAN) and wide area networks (WANs)
- Wireless mice and keyboards
- Wireless-enabled computers, including laptop and netbook computers, in Limited Areas, Exclusion Areas, Material Access Areas, and Protected Areas
- Wireless radios (such as Nextel)
- Wireless wide area networks
- Wireless audio-visual support equipment (such as wireless microphones, remote controls, headsets, and electronic white boards)
- Wireless scanners and bar code readers
- Wireless survey or testing equipment
- Wireless tags
- Wireless special purpose sensors and other wireless instruments
- Wireless data acquisition equipment and data loggers
- Wireless Wi-Fi or broadband cards in Limited Areas, Exclusion Areas, Material Access Areas, and Protected Areas

(i) Subcontracts. The Seller must include this clause in lower-tier subcontracts requiring on-site work.

13. DOE SECURITY BADGES AND CLEARANCE REQUIREMENTS

(a) Security badges issued by the Company to Seller employees and Seller's lower-tier subcontractor employees are Government property. The Seller must ensure that badges issued to its employees and employees of its subcontractors at all tiers are returned to the Company. Employees must return badges upon expiration of this Agreement, termination of employment, or when access to the Y-12 National Security Complex is no longer needed. Employees holding an L or Q clearance must attend a security termination debriefing conducted by the Company when returning badges. When possible, the Seller must notify the STR three business days before an employee holding an L or Q clearance will be returning a badge so that debriefings may be scheduled. However, in all cases, the Personnel Security Clearance Office should be notified by the Seller within one working day of a termination of employment or need for access to the Complex if the employee holds an L or Q clearance in order to provide notification to DOE/NNSA within two business days. DOE/NNSA directives require the termination of an employee security clearance within two business days of termination of employment or need for access to the Complex.

(b) The Seller must immediately notify the Subcontract Administrator in writing when a badge of its employee or the employee of a lower-tier subcontractor is lost or stolen. These employees must report in person to the Y-12 Visitor Center Badging Office (or contact PSS after hours/weekends) to complete an affidavit concerning the loss or theft and to obtain replacement badges.

(c) The Seller must immediately notify the Subcontract Administrator in writing whenever any employee of Seller or a

lower-tier subcontractor who has been badged or holds a security clearance under this Agreement terminates employment or no longer needs access to the Complex.

(d) The Seller must ensure that its employees and its lower-tier subcontractors' employees complete the *Y-12 Subcontractor Personnel Exit Checklist*, Form UCN- 4452S, before exiting the site. The employee must take the completed Checklist and badge to the Y-12 Visitor Center badging office. If the Y-12 Visitor Center is closed (hours of operation are Monday-Thursday 6:00 a.m. to 4:30 p.m.) the employee may leave the Checklist and badge with the STR. (In such cases alternate debriefing arrangements will be made for employees holding an L or Q clearance.) The Checklist, signed by the STR or an authorized representative of Personnel Security, is acceptable proof to the Company that a badge has been returned.

(e) Seller's payment may be withheld until all requirements of this clause have been met. Failure by employees of the Seller and its lower-tier subcontractors to promptly return badges will result in a charge of \$1,000 per badge, to be withheld from payment or billed to the Seller. In addition, failure to return a badge may result in the denial of future access to the Y-12 site for the individual. This \$1,000 charge will not be assessed against badges that are lost or stolen during performance if replacement badges are issued to allow Seller or lower-tier subcontractor employees to return to work.

(f) On the last Thursday of each month, the Seller shall go to Company web site <https://www.y12.doe.gov/business/badging> to initially register and/or update the Subcontract Badge/Clearance Status Report for that month. The Seller must ensure that all security badges issued to its employees and employees of its subcontractors at all tiers are recorded monthly through this web site.

14. WORKPLACE SUBSTANCE ABUSE PROGRAM (WSAP)

(a) Applies to -- This clause applies to subcontracts \$25,000 or greater and which involve: (1) access to or handling of classified information or special nuclear materials; (2) high risk of danger to life, the environment, public health and safety, or national security; (3) transportation of hazardous materials to or from a DOE site, (4) employees who are required to have L or Q clearances to perform work under this Agreement, or (5) on-site construction activities.

(b) WSAP Covered Work -- For purposes of this clause, "WSAP covered work" means both on-site work, and work that is not on-site but that is performed by subcontractor employees with Q or L clearances at facilities that have Limited Areas (security areas designated by DOE for the protection of classified matter). Facilities that are not DOE-owned or -leased or Company-owned or -leased but that have Limited Areas within them are known as "possessing facilities."

(c) Sub-tier contractors to Seller -- Seller shall include this requirement in its contracts with applicable lower tier subcontractors, and will require those subcontractors to include this requirement in their subcontracts, if the applicability standards listed in the "Applies to" section above are met. References to "Seller" include all lower tier

subcontractors falling within the "Applies to" criteria listed in subparagraph (a) above.

(d) Company approval of Seller Program

(1) All work falling within the "Applies to" criteria above is subject to 10 CFR 707, "Workplace Substance Abuse Programs at DOE Sites." This clause highlights certain provisions of 10 CFR Part 707, but Seller is directed to the entire provision to ensure compliance. The Seller shall develop and implement a workplace substance abuse program that complies with the requirements of 10 CFR Part 707. In accordance with 10 CFR 707.5(d), Seller's WSAP requires Company approval. Seller's proposed WSAP must be submitted to the Subcontract Administrator and approved before the start of work.

(2) Seller shall also submit applicable lower-tier subcontractor WSAPs for Company approval. Seller may either include employees of some or all subcontractors in its WSAP, or include this clause in subcontracts for WSAP covered work and require subcontractors to submit WSAPs for Company approval.

(e) General Workplace Substance Abuse Program Requirements.

(1) Seller's WSAP shall be consistent with the baseline elements in 10 CFR Part 707 and the guidelines of the U.S. Department of Health and Human Services found at:

http://workplace.samhsa.gov/DrugTesting/Level_1_Pages/mandatory_guidelines5_1_10.html.

(2) For all WSAP covered work, Seller's WSAP must provide for pre-employment testing for illegal drugs before final selection of applicants for employment, regardless of whether such applicants will fill testing designated positions (TDPs) as described in subparagraph (f) below. Pre-employment testing must comply with all applicable provisions of 10 CFR 707.

(3) Seller must notify the Subcontract Administrator in writing as soon as possible, or at the latest by the next business day, after Seller receives notice -

- of an employee's conviction under a criminal drug statute, or
- for employees in TDPs (defined below), of a drug related arrest or conviction or a receipt of a positive drug test result.

(4) Seller shall maintain files of chain-of-custody records required by 10 CFR 707.12(a) and 10 CFR 707.16(d) and submit copies to Company upon request. Seller and lower-tier subcontractors shall require that laboratory records relating to positive drug test results be maintained in the manner and for the periods required by 10 CFR 707.16(c).

(5) Seller shall use only drug-testing laboratories certified by the Department of Health and Human Services under Subpart C of the HHS "Mandatory Guidelines for Federal Workplace Drug Testing Programs." [See 10 CFR 707.12(a)]. The HHS Mandatory Guidelines are available at <http://dwp.samhsa.gov/>. Seller shall provide a copy of the certification to the Subcontract Administrator upon request. Seller shall retain pre-employment testing records in accordance with 10 CFR 707.16. When an applicant has been tested and determined

to have used an illegal drug, Seller must terminate processing for employment and so notify the applicant.

(6) As required by 10 CFR 707.5(d), Company will monitor Seller's implementation of its program for effectiveness and compliance with 10 CFR Part 707. Seller shall submit a written report, if appropriate, to the Subcontract Administrator of drug tests completed before mobilization or commencing authorized work. At Company's request, Seller shall submit additional reports of tests completed during performance.

(7) Company will require Seller to remove from WSAP covered work any Seller employee who is determined to have used an illegal drug.

(f) Testing Designated Positions

(1) In addition to the general WSAP provisions, Seller shall determine if it has employees in TDPs as defined below and performing WSAP covered work. If Seller has no TDPs (potentially the case for uncleared construction subcontractors employees not possessing a Facility Clearance) the WSAP shall so state. If Seller has employees in TDPs performing WSAP covered work, then prior to beginning work under this Agreement, Seller shall provide the Subcontract Administrator with a list of all TDP employees, and Seller's WSAP must comply with the provisions of 10 CFR Part 707 regarding TDPs. Thereafter, Seller shall notify the STR of any additions or deletions of employees in TDPs within 48 hours.

(2) TDPs are defined as those positions involving certain high risk work listed in Part 707, access to classified information, construction, and crane operators, and any positions filled by employees holding an L- or Q-clearance.

(3) Seller's employees in TDPs who perform on-site will be subjected to the following drug testing by Company:

- (i) Random drug testing at the rates specified in 10 CFR 707.7,
- (ii) Drug testing as a result of an occurrence (see 10 CFR 707.9), and
- (iii) Drug testing for reasonable suspicion of illegal drug use (see 10 CFR 707.10).

(4) Seller's employees performing on-site work shall be placed in Company's pool of employees for random drug testing, and these employees will be subject to testing by Company's Occupational Health Services (OHS). Seller's employee will be notified by Company's representative when Seller's employee is selected for random drug testing. Company's representative will notify Company's OHS when Seller's employee has been notified of his/her duty to report to Company's OHS. Upon notification by Company's representative, Seller's employee will have one and one-half hours to report to Company's OHS.

(g) Seller's failure to comply with the requirements of 10 CFR Part 707 or to perform in a manner consistent with its approved WSAP may render Seller subject to suspension of payments, termination for default, suspension and debarment, and any other remedies available to Company and/or to DOE.

(h) If Seller believes that an anticipated lower tier subcontract for on-site work may require a WSAP that complies with 10 CFR 707, then Seller must notify the

Subcontract Administrator not later than ten calendar days before Seller awards that subcontract.

15. ENVIRONMENT, SAFETY, AND HEALTH

(a) Applicability -- This clause applies to all on-site work for both Seller and its lower-tier subcontractors at any level. Employees include Seller employees and all lower-tier subcontractor employees. Non-compliance with safety requirements is grounds for removal from or denial of access to Y-12.

(b) Seller shall immediately notify the STR of all occupational injuries or illnesses. Seller shall submit written reports to the STR for occupational injuries or illnesses that are recordable under 29 CFR 1904, Subpart C, within two working days after Seller learns of the injury or illness. Reports shall be made on DOE Form 5484.3, *Individual Accident/Incident Report*. Before the third working day of each month, Seller shall submit a report for the previous month to the STR on the Subcontractor Safety Performance Report form, UCN-21439.

(c) (1) Seller shall perform work under Company's approved 10 CFR 851 Worker Safety and Health Program, which can be found at:

[Y-12 10-CFR Part 851 Worker Safety & Health Program](#)

Seller shall comply with the applicable provisions of 10 CFR 851, *Worker Safety and Health Program*. Seller is subject to civil penalties for failure to comply with applicable 10 CFR 851, *Worker Safety and Health Program* requirements, or with Company's approved Program.

(2) Seller shall comply with OSHA medical surveillance requirements (29 CFR 1910) based on Seller's scope of work and the OSHA requirements for the treatment of illnesses and injuries. The 10 CFR *Worker Safety and Health Program* requirements include requirements for occupational medicine. Seller shall provide a program under the direction of a licensed physician meeting the credentials requirements of 10 CFR 851, Appendix A.8(b), and personnel providing health services meeting the credentials requirements of Appendix A.8(c). A written description of Seller's occupational medicine program including proof of staff credentials is a required submittal under this Agreement. Seller's occupational medicine program contents will be determined by its Occupational Medicine Director and based on Seller's scope of work and associated hazards. Company has submitted an application for a permanent variance to exempt subcontractors from certain requirements for occupational medicine programs. Should the Company's variance for occupational medicine requirements for subcontractors be denied, Company will be required to comply with all applicable requirements of 10 CFR 851, including Appendix A.8.

(d) Seller shall perform all work in accordance with DEAR 970.5223-1, *Integration of Environment, Safety, and Health into Work Planning and Execution* (DEC 2000). Depending upon the complexity and hazards associated with the work, Seller may be required to submit, as provided for in special articles *Environment, Safety, and Health, Alternative I* (UCN-

22481), *Alternative II* (UCN-22476), or *Alternative III* (UCN-22479), a Safety Management System that complies with DEAR 970.5223-1. Seller shall take all reasonable precautions in the performance of the work under this Agreement to protect the safety and health of all personnel and members of the public, and minimize danger from all hazards to the environment, life and property. Additionally, Seller shall comply with all environment, safety, and health regulations and requirements of the Company and DOE including, without limitation, such other provisions as may be contained in this Agreement relating to environment, safety and health. In the performance of any and all aspects of work subject to this clause, Seller shall:

(1) Establish line management that is responsible for the protection of personnel, the public, and the environment. (Line management includes those Seller and subcontractor employees managing or supervising employees performing work);

(2) Establish and maintain clear and unambiguous lines of authority and responsibility for ES&H matters at all organizational levels;

(3) Ensure personnel possess the experience, knowledge, skills, and abilities necessary to discharge their responsibilities;

(4) Ensure resources are effectively allocated to address ES&H, programmatic, and operational considerations;

(5) Determine, before any on-site work is performed, the associated hazards are evaluated and ES&H standards and requirements are established which, if properly implemented, provide adequate assurance that employees, the public, and the environment are protected from adverse consequences;

(6) Ensure necessary administrative and engineering controls to prevent and mitigate hazards are tailored to the work being performed and associated hazards;

(7) Comply with ES&H requirements of all applicable laws and regulations, and applicable Company or DOE directives identified in this Agreement; and

(8) Cooperate with federal, state, and local agencies having jurisdiction over ES&H matters under this Agreement.

(e) In addition to any rights and remedies otherwise available to Company, if Seller fails to comply with the requirements of this clause, the Company may:

(1) Notify Seller in writing of any noncompliance with the provisions of this clause and the corrective action to be taken. After receipt of such notice, Seller shall immediately take appropriate corrective actions;

(2) Require, in writing, that Seller remove from the work any employee the Company deems unsafe, incompetent, careless, or otherwise objectionable.

(f) Stop Work Authority

(1) All persons on site, including Seller's personnel, have the right and responsibility to stop work or decline to perform an assigned task whenever they discover:

(i) Conditions that pose (because of a reasonable belief) an imminent risk of death, serious physical harm or other serious hazard to workers or the public;

(ii) Conditions that, if allowed to continue, could adversely affect the safe operation of, or could cause serious damage to the facility; or

(iii) Conditions that, if allowed to continue, could result in release, from the facility to the environment, of radiological or chemical effluents that exceed regulatory limits.

(2) Seller shall promptly evaluate and resolve any noncompliance with ES&H requirements or conditions listed in (f)(1) above that it discovers or of which it is notified by the Company. If Seller fails to resolve the noncompliance or condition, or if at any time Seller's acts or failures to act cause substantial harm or an imminent danger to the environment or health and safety of employees or the public, Company may, without prejudice to any other legal or contractual rights of Company, issue an order stopping all or any part of the work; thereafter, a start order for resumption of the work may be issued at the discretion of Company.

(3) Seller shall not be entitled to, and shall make no claim, for an extension of time or for compensation or damages by reason of, or on connection with, such work stoppage. If work is stopped or suspended because of a condition stated in this clause, then whether or not a written order is issued and whether or not this clause is cited at the time of the work stoppage or suspension, this clause applies notwithstanding any other clause in this Agreement that might apply.

(g) The Subcontract Administrator may require Seller's participation, at Seller's expense, in Company fact-finding investigations of accidents, injuries, occurrences, and near-misses.

(h) Seller shall be responsible for all liability and related expenses resulting from Seller's violation of any laws or regulations, and such responsibility includes the obligation to defend, indemnify, and hold harmless Company, its members, directors, officers and employees for Seller's conduct. **SELLER'S OBLIGATION TO INDEMNIFY, HOLD HARMLESS AND DEFEND INCLUDES FINES AND PENALTIES, ATTORNEY'S FEES AND OTHER REASONABLE COSTS OF DEFENDING ANY ACTION OR PROCEEDING**

(i) Flowdown -- Seller shall include this clause in all lower-tier subcontracts involving performance of on-site work. However, such provision in lower-tier subcontracts shall not relieve Seller of its obligation to assure compliance with this clause for all aspects of the work.

16. INDEPENDENT CONTRACTOR

(a) Seller shall act in performance of this Agreement as an independent contractor and not as an agent for Company or the Government in performing this Agreement, maintaining complete control over its employees and all lower-tier subcontractors. Nothing contained in this Agreement or any lower-tier subcontract shall create any contractual relationship between any such lower-tier subcontractor and the Government or Company. Seller is solely responsible for the actions of itself and its lower-tier subcontractors, agents or employees.

17. HOLD HARMLESS

SELLER SHALL BE SOLELY RESPONSIBLE FOR ALL LIABILITY AND RELATED EXPENSES RESULTING FROM INJURY, DEATH, DAMAGE TO, OR

LOSS OF PROPERTY WHICH IS IN ANY WAY CONNECTED WITH THE NEGLIGENT PERFORMANCE OF WORK UNDER THIS AGREEMENT. SELLER SHALL ALSO BE RESPONSIBLE FOR ALL MATERIALS AND WORK UNTIL ACCEPTANCE BY COMPANY. SELLER'S RESPONSIBILITY SHALL APPLY TO ACTIVITIES OF SELLER, ITS AGENTS, LOWER-TIER SUBCONTRACTORS, OR EMPLOYEES AND SUCH RESPONSIBILITY INCLUDES THE OBLIGATION TO INDEMNIFY, DEFEND, AND HOLD HARMLESS THE GOVERNMENT AND THE COMPANY. HOWEVER, SUCH LIABILITY AND INDEMNITY DOES NOT APPLY TO INJURY, DEATH, OR DAMAGE TO PROPERTY TO THE EXTENT IT ARISES FROM THE CONDUCT OF COMPANY.

18. DEFENSE PRIORITY AND ALLOCATION REQUIREMENTS

This is a rated order certified for national defense, and Seller shall follow all the requirements of the Defense Priorities and Allocations System regulation (15 CFR 700). Unless otherwise stated the Defense Priority is DO-E2.

19. EXPORT CONTROL

(a) The Seller must comply with all U.S. export control laws and regulations, including the International Traffic in Arms Regulations (ITAR), 22 CFR Parts 120 through 130, and the Export Administration Regulations (EAR), 15 CFR Parts 730 through 799, in the performance of this Agreement. In the absence of available license exemptions or exceptions, the Seller must obtain required licenses or other approvals for exports of hardware, technical data, and software, or for the provision of technical assistance.

(b) The Seller must obtain export licenses, if required, before using foreign persons in performance of this Agreement, if the foreign person will have access to export-controlled technical data or software.

(c) The Seller is responsible for all regulatory record-keeping requirements associated with the use of licenses and license exemptions and exceptions.

(d) The Seller shall include this clause in subcontracts hereunder.

20. AUTHORIZATION AND CONSENT

(a) The Government authorizes and consents to all use and manufacture, in performing this Agreement or any subcontract at any tier, of any invention described in and covered by a United States patent (1) embodied in the structure or composition of any article the delivery of which is accepted by the Company under this Agreement or (2) used in machinery, tools, or methods whose use necessarily results from compliance by the Seller or a subcontractor with (i) specifications or written provisions forming a part of this Agreement or (ii) specific written instructions given by the Company directing the manner of performance. The entire liability to the Government for infringement of a patent of the United States shall be determined solely by the provisions of the indemnity clause, if any, included in this Agreement or any subcontract hereunder (including any lower-tier

subcontract), and the Government assumes liability for all other infringement to the extent of the authorization and consent hereinabove granted.

(b) The Seller agrees to include, and require inclusion of, this clause, suitably modified to identify the parties, in all subcontracts at any tier for supplies or services (including construction, architect-engineer services, and materials, supplies, models, samples, and design or testing services expected to exceed the simplified acquisition threshold); however, omission of this clause from any subcontract, including those at or below the simplified acquisition threshold, does not affect this authorization and consent.

21. PATENT INDEMNITY

(a) The Seller shall indemnify the Company and the Government and their officers, agents, and employees against liability, including costs, for infringement of any United States patent (except a patent issued upon an application that is now or may hereafter be withheld from issue pursuant to a Secrecy Order under 35 U.S.C. 181) arising out of the manufacture or delivery of supplies, the performance of services, or the construction, alteration, modification, or repair of real property (hereinafter referred to as "construction work") under this Agreement, or out of the use or disposal by or for the account of the Company or the Government of such supplies or construction work.

(b) This indemnity shall not apply unless the Seller shall have been informed as soon as practicable by the Company or Government of the suit or action alleging such infringement and shall have been given such opportunity as is afforded by applicable laws, rules, or regulations to participate in its defense. Further, this indemnity shall not apply to—

(1) An infringement resulting from compliance with specific written instructions of the Company directing a change in the supplies to be delivered or in the materials or equipment to be used, or directing a manner of performance of the Agreement not normally used by the Seller;

(2) An infringement resulting from addition to or change in supplies or components furnished or construction work performed that was made subsequent to delivery or performance; or

(3) A claimed infringement that is unreasonably settled without the consent of the Seller, unless required by final decree of a court of competent jurisdiction.

22. INSURANCE

This clause applies to on-site work only.

(a) Seller shall provide and maintain during the entire performance period of this subcontract the following kinds and at least the minimum amounts of insurance:

(1) Workers' Compensation – As required by applicable federal and state workers' compensation and occupational disease statutes;

(2) Employer's Liability - \$1 million each accident, \$1 million each employee, \$1 million policy limit for disease;

(3) Commercial General Liability (Occurrence basis) - Bodily injury liability of at least \$1 million per occurrence; and

(4) Automobile Liability (Covering any automobile) - Minimum of \$500,000 per person and \$1 million per occurrence for bodily injury and \$500,000 per occurrence for property damage.

(b) Aircraft Insurance. When aircraft are used in performing the subcontract, Seller must also maintain aircraft public and passenger liability insurance. Coverage shall be at least \$200,000 per person and \$500,000 per occurrence for bodily injury, other than passenger liability, and \$200,000 per occurrence for property damage. Coverage for passenger liability bodily injury shall be at least \$200,000 multiplied by the number of seats or passengers, whichever is greater.

(c) No later than ten calendar days after award and before beginning work under this subcontract on site, Seller must submit to the Subcontract Administrator a certificate of liability insurance (Acord form 25 or equivalent) certifying that the required insurance has been obtained. All insurers on the certificate must have an A.M. Best Company financial strength rating of "B" or higher. The certificate must:

- (1) include the number of this subcontract,
- (2) identify Y-12 as the certificate holder,
- (3) state that Y-12 and the U.S. Department of Energy have been added as Additional Insureds on all liability policies other than workers' compensation.

(d) A replacement certificate must be submitted if a required policy expires before completion of the work.

(e) The Seller waives subrogation under all liability policies against Y-12 and the U.S. Department of Energy.

(f) The Seller must provide written notice to the Subcontract Administrator 30 days before modification or cancellation of any required coverage.

(g) None of the requirements for insurance in this clause limits or qualifies liabilities or obligations assumed by the Seller under this subcontract.

(h) Flowdown - Seller shall include this clause, modified to identify the parties, in lower-tier subcontracts that require work on site. At least five days before entry of each such subcontractor's personnel into an on-site area, Seller shall furnish (or ensure that there has been furnished) to the Subcontract Administrator a certificate of liability insurance, meeting the requirements of paragraphs (a), (b), and (c) above, for each such subcontractor.

23. ALLOWABLE MATERIALS COSTS

(a) Definition. For the purposes of this clause--

(1) Direct materials are those materials that enter directly into the end product, or that are used or consumed directly in connection with the furnishing of the end product or service.

(2) Materials means--

(A) Direct materials, including supplies transferred between divisions, subsidiaries, or affiliates of the Seller under a common control;

(B) Subcontracts for supplies and incidental services for which there is not a labor category specified in the subcontract;

(C) Other direct costs (e.g., incidental services for which there is not a labor category specified in the subcontract, travel, computer usage charges, etc.); and

(D) Applicable indirect costs.

(b) Reimbursing costs. (1) For the purpose of reimbursing allowable costs of materials (except as provided in paragraph (b)(2) below with respect to pension-plan contributions), the term "costs" includes only--

(A) Those recorded costs that, at the time of the request for reimbursement, the Seller have paid by cash, check, or other form of actual payment;

(B) When the Seller is not delinquent in paying costs of subcontract performance in the ordinary course of business, costs incurred, but not necessarily paid, for--

(i) Materials purchased directly for the subcontract and associated financing payments to subcontractors, provided payments determined due will be made in accordance with the terms of a subcontract or invoice, ordinarily within 30 calendar days of the submission of the Seller's payment request to the Company;

(ii) Materials issued from the Seller's inventory and placed in the production process for use on the subcontract;

(iii) Other direct costs; and

(iv) Properly allocable and allowable indirect costs; and

(C) Financing payments that have been paid by cash, check, or other forms of payment to subcontractors.

(2) Accrued costs of Seller contributions under employee pension plans shall be excluded until actually paid unless the Seller's practice is to make contributions quarterly or more frequently, and the contribution does not remain unpaid 30 calendar days after the end of the applicable quarter or shorter payment period. (Any contribution remaining unpaid shall be excluded from the Seller's indirect costs for payment purposes).

(c) Final indirect cost rates. (1) Final annual indirect cost rates shall be established in accordance with Subpart 42.7 of the Federal Acquisition Regulation (FAR) in effect for the period covered by the indirect cost rate proposal.

(2)(i) The Seller shall submit an adequate final indirect cost rate proposal to the Company (or cognizant Government representative) and auditor within six months after the expiration of each of its fiscal years. Reasonable extensions, for exceptional circumstances only, may be requested in writing by the Seller and granted in writing by the Company or Government representative.

(ii) The proposed rates shall be based on the Seller's actual cost experience for that period. The appropriate Company or Government representative and the Seller shall establish the final indirect cost rates as promptly as practical after receipt of the Seller's proposal.

(3) The Seller and the appropriate Company or Government representative shall execute a written understanding setting forth the final indirect cost rates. The understanding shall specify (i) the agreed-upon final annual indirect cost rates, (ii) the bases to which the rates apply, (iii) the periods for which the rates apply, (iv) any specific indirect cost items treated as direct costs in the settlement, and (v) the affected contract and/or subcontract, identifying any with advance agreements or special terms and the applicable rates. The understanding shall not change any monetary

ceiling, obligation, or specific cost allowance or disallowance provided for in this subcontract. The understanding is incorporated into this subcontract upon execution.

(4) Within 120 calendar days (or longer period if approved in writing by the Subcontract Administrator) after settlement of the final annual indirect cost rates for all years of a physically complete subcontract, the Seller shall submit a completion invoice reflecting the settled rates.

(5) If the Seller fails to submit a completion invoice within the time specified, the Subcontract Administrator may determine the amounts due the Seller and record this determination in a unilateral modification to the subcontract.

(d) Billing rates. Until final annual indirect cost rates are established for any period, the Company shall reimburse the Seller at billing rates established by the Company or by an authorized Government representative, subject to adjustment when final rates are established. These billing rates shall be the anticipated final rates and may be prospectively or retroactively revised by mutual agreement, at either party's request, to prevent substantial overpayment or underpayment.

(e) Quick-closeout procedures. Quick-closeout procedures are applicable when the conditions in FAR 42.708(a) are satisfied.

24. PAYMENT

The Company will pay the Seller as follows upon the submission of vouchers approved by the Subcontract Administrator or the Subcontract Administrator's authorized representative:

(a) Hourly rate. (1) Hourly rate means the rate(s) prescribed in the subcontract for payment for labor that is--

- (i) Performed by the Seller;
- (ii) Performed by the Seller's subcontractors; or
- (iii) Transferred between divisions, subsidiaries, or affiliates of the Seller under a common control.

(2) The amounts shall be computed by multiplying the appropriate hourly rates prescribed in the subcontract by the number of direct labor hours performed.

(3) The hourly rates shall be paid for all labor performed on the subcontract that meets the labor qualifications specified in the subcontract. Labor hours incurred to perform tasks for which labor qualifications were specified in the subcontract will not be paid to the extent the work is performed by employees that do not meet the qualifications specified in the subcontract, unless specifically authorized by the Subcontract Administrator.

(4) The hourly rates shall include wages, indirect costs, general and administrative expense, and profit. Fractional parts of an hour shall be payable on a prorated basis.

(5) Invoices may be submitted once each month (or at more frequent intervals, if approved by the Subcontract Administrator). The Seller shall substantiate invoices (including any subcontractor hours reimbursed at the hourly rate in the subcontract) by evidence of actual payment and by--

- (i) Individual daily job timekeeping records;
- (ii) Records that verify the employees meet the qualifications for the labor categories specified in the subcontract; or

(iii) Other substantiation approved by the Subcontract Administrator.

(6) Promptly after receipt of each substantiated invoice, the Company shall, except as otherwise provided in this subcontract, and subject to the terms of paragraph (e) of this clause, pay the invoice as approved by the Subcontract Administrator or authorized representative.

(7) Unless otherwise prescribed in the subcontract, the Subcontract Administrator may unilaterally issue a subcontract modification requiring the Seller to withhold amounts from its billings until a reserve is set aside in an amount that the Subcontract Administrator considers necessary to protect the Company's and the Government's interests. The Subcontract Administrator may require withholding of five percent of the amounts due under paragraph (a) of this clause, but the total amount withheld shall not exceed \$50,000. The amounts withheld shall be retained until the Seller executes and delivers the release required by paragraph (h) of this clause.

(8) Unless the subcontract prescribes otherwise, the hourly rates in the subcontract shall not be varied by virtue of the Seller having performed work on an overtime basis. If no overtime rates are provided in the subcontract and overtime work is approved in advance by the Subcontract Administrator, overtime rates shall be negotiated. If the subcontract provides rates for overtime, the premium portion of those rates will be reimbursable only to the extent the overtime is approved by the Subcontract Administrator.

(b) Materials. (1) For the purposes of this clause--

(i) Direct materials are those materials that enter directly into the end product, or that are used or consumed directly in connection with the furnishing of the end product or service.

(ii) Materials means--

(A) Direct materials, including supplies transferred between divisions, subsidiaries, or affiliates of the Seller under a common control;

(B) Subcontracts for supplies and incidental services for which there is not a labor category specified in the subcontract;

(C) Other direct costs (e.g., incidental services for which there is not a labor category specified in the subcontract, travel, computer usage charges, etc.); and

(D) Applicable indirect costs.

(2) If the Seller furnishes its own materials that meet the definition of a commercial item at FAR 2.101, the price to be paid for such materials shall not exceed the Seller's established catalog or market price, adjusted to reflect the--

(i) Quantities being acquired; and

(ii) Actual cost of any modifications necessary because of subcontract requirements.

(3) Except as provided for in paragraph (b) (2) of this clause, the Company will reimburse the Seller for allowable cost of materials provided the Seller--

(i) Has made payments for materials in accordance with the terms and conditions of the agreement or invoice; or

(ii) Ordinarily makes these payments within 30 calendar days of the submission of the Seller's payment

request to the Company and such payment are in accordance with the terms and conditions of the agreement or invoice.

(4) Payment for materials is subject to the Allowable Materials Costs clause of this subcontract. The Subcontract Administrator will determine allowable costs of materials in accordance with FAR Subpart 31.2, as supplemented by DEAR Part 931, in effect on the date of this subcontract.

(5) The Seller may include allocable indirect costs and other direct costs to the extent they are--

(i) Comprised only of costs that are clearly excluded from the hourly rate;

(ii) Allocated in accordance with the Seller's written or established accounting practices; and

(iii) Indirect costs are not applied to subcontracts that are paid at the hourly rates.

(6) To the extent able, the Seller shall--

(i) Obtain materials at the most advantageous prices available with due regard to securing prompt delivery of satisfactory materials; and

(ii) Take all cash and trade discounts, rebates, allowances, credits, salvage, commissions, and other benefits. When unable to take advantage of the benefits, the Seller shall promptly notify the Subcontract Administrator and give the reasons. The Seller shall give credit to the Company for cash and trade discounts, rebates, scrap, commissions, and other amounts that have accrued to the benefit of the Seller, or would have accrued except for the fault or neglect of the Seller. The Seller shall not deduct

from gross costs the benefits lost without fault or neglect on the part of the Seller, or lost through fault of the Company.

(7) Except as provided for in FAR 31.205-26(e) and (f), the Company will not pay profit or fee to the Seller on materials.

(c) Consent to lower-tier subcontracts. If the Seller enters into any lower-tier subcontract that requires consent under the Subcontracts clause without obtaining such consent, the Company is not required to reimburse the Seller for any costs incurred under the lower-tier subcontract prior to the date the Seller obtains the required consent. Any reimbursement of lower-tier subcontract costs incurred prior to the date the consent was obtained shall be at the sole discretion of the Company.

(d) Total cost. It is estimated that the total cost to the Company for the performance of this subcontract shall not exceed the ceiling price set forth in the subcontract, and the Seller agrees to use its best efforts to perform the work and all obligations under this subcontract within such ceiling price. If at any time the Seller has reason to believe that the hourly rate payments and material costs that will accrue in performing this subcontract in the next succeeding 30 calendar days, if added to all other payments and costs previously accrued, will exceed 85 percent of the ceiling price, the Seller shall notify the Subcontract Administrator giving a revised estimate of the total price to the Company for performing this subcontract with supporting reasons and documentation. If at any time the Seller has reason to believe that the total price to the Company for performing this subcontract will be substantially greater or less than the then stated ceiling price, the Seller shall so notify the Subcontract Administrator, giving a revised estimate of the

total price for performing this subcontract, with supporting reasons and documentation. If at any time the Company has reason to believe that the work to be required in performing this subcontract will be substantially greater or less than the stated ceiling price, the Subcontract Administrator will so advise the Seller, giving the then revised estimate of the total amount of effort to be required under the subcontract.

(e) Ceiling price. The Company will not be obligated to pay the Seller any amount in excess of the ceiling price in the subcontract, and the Seller shall not be obligated to continue performance if to do so would exceed the ceiling price, unless and until the Subcontract Administrator notifies the Seller in writing that the ceiling price has been increased and specifies in the notice a revised ceiling that shall constitute the ceiling price for performance under this subcontract. When and to the extent that the ceiling price has been increased, any hours expended and material costs incurred by the Seller in excess of the ceiling price before the increase shall be allowable to the same extent as if the hours expended and material costs had been incurred after the increase.

(f) Audit. At any time before final payment under this subcontract, the Subcontract Administrator may request audit of invoices and supporting documentation. Each payment previously made shall be subject to reduction to the extent of amounts, on preceding invoices, that are found by the Subcontract Administrator not to have been properly payable and shall also be subject to reduction for overpayments or to increase for underpayments.

(g) Final payment. (1) Upon receipt and approval of the invoice designated by the Seller as the "completion invoice" and supporting documentation, and upon compliance by the Seller with all terms of this subcontract (including, without limitation, terms relating to patents and the terms of paragraph (h) of this clause), the Company shall promptly pay any balance due the Seller. A final invoice shall be submitted for payment no more than 90 calendar days following the expiration or termination of the subcontract, unless a later or alternate date is agreed to in writing by the Subcontract Administrator. Said invoices shall be clearly marked "Final Invoice", thus indicating that all payment obligations of the Company under this subcontract have ceased and that no further payments are due or outstanding. If Seller fails to submit a final invoice within the time allowed, the Subcontract Administrator shall determine the final amount owed to the Seller, if any, or the final amount owed by the Seller to the Company. Such determination shall be final and conclusive between the parties without the right of judicial review unless the Seller submits a claim requesting a Procurement Manager Final Decision under the Resolution of Disputes clause within 60 calendar days after receipt of the Subcontract Administrator's determination.

(2) The Seller shall pay to the Company any refunds, rebates, credits, or other amounts (including interest, if any) accruing to or received by the Seller or any assignee under this subcontract, to the extent that those amounts are properly allocable to costs for which the Seller has been reimbursed by the Company. Reasonable expenses incurred by the Seller for securing refunds, rebates, credits, or other amounts shall be allowable costs if approved by the Subcontract Administrator.

(h) Assignment and release of claims. Before final payment under this subcontract, the Seller and each assignee whose assignment is in effect at the time of final payment, shall execute and deliver -

(1) An assignment to the Company, in form and substance satisfactory to the Subcontract Administrator, of refunds, rebates, credits, or other amounts (including interest, if any) properly allocable to costs for which the Seller has been reimbursed by the Company under this subcontract; and

(2) A release discharging the Company, the Government, their officers, agents, and employees of and from all liabilities, obligations, and claims arising out of or under this subcontract, subject only to the following exceptions:

(i) Specified claims in stated amounts, or in estimated amounts if the amounts are not susceptible of exact statement by the Seller.

(ii) Claims, together with reasonable incidental expenses, based upon the liabilities of the Seller to third parties arising out of performing this subcontract, that are not known to the Seller on the date of the execution of the release, and of which the Seller gives notice in writing to the Subcontract Administrator not more than six years after the date of the release or the date of any notice to the Seller that the Company is prepared to make final payment, whichever is earlier.

(iii) Claims for reimbursement of costs (other than expenses of the Seller by reason of its indemnification of the Company against patent liability), including reasonable incidental expenses, incurred by the Seller under the terms of this subcontract relating to patents.

25. TAXES – FIXED-PRICE, FEDERAL, STATE AND LOCAL TAXES

(a) Definitions. As used throughout this clause, the following terms shall have the meaning set forth below:

(1) The term “direct tax” means any tax or duty directly applicable to the completed supplies or services covered by this subcontract, or any other tax or duty from which the Seller or this transaction is exempt. It includes any tax or duty directly applicable to the importation, production, processing, manufacture, construction, sale, or use of such supplies or services; it also includes any tax levied on, with respect to, or measured by sales, receipt from sales, or use of the supplies or services covered by this subcontract. The term does not include transportation taxes, unemployment compensation taxes, social security taxes, income taxes, excess-profits taxes, capital stock taxes, property taxes, and such other taxes as are not within the definition of the term “direct tax” as set forth above in this paragraph.

(2) The term “subcontract date” means the effective date of this subcontract if it is a negotiated subcontract, or the date set for the opening of bids if it is a subcontract entered into as a result of formal advertising.

(b) Federal Taxes. Except as may be otherwise provided in this subcontract, the subcontract price includes all applicable Federal taxes in effect on the subcontract date.

(c) State or Local Taxes. Except as may be otherwise provided in this subcontract, the subcontract price does not include any State or local direct tax in effect on the

subcontract date. For subcontractors providing and installing tangible personal property, which becomes part of real property, the subcontract price should include all state and local direct taxes on such installed tangible personal property.

(d) Evidence of Exemption. The Company agrees, upon request of the Seller, to furnish a tax exemption certificate or other similar evidence of exemption with respect to any direct tax not included in the subcontract price pursuant to this clause; and the Seller agrees, in the event of the refusal of the applicable taxing authority to accept such evidence of exemption, (1) promptly to notify the Company of such refusal, (2) to cause the tax in question to be paid in such manner as to preserve all rights to refund thereof, and (3) if so directed by the Company to take all necessary action, in cooperation with and for the benefit of Government, to secure a refund of such tax (in which event the Company agrees to reimburse the Seller for any and all reasonable expenses incurred at its direction)

(e) Price Adjustment. If, after the subcontract date, the Federal Government or any State or local Government either (1) imposes or increases (or removes an exemption with respect to) any direct tax, or any tax directly applicable to the materials or components used in the manufacture of furnishing of the completed supplies or services covered by this subcontract, or (2) refuses to accept the evidence of exemption, furnished under paragraph (d) hereof, with respect to any direct tax excluded from the subcontract price, and if under either (1) or (2) the Seller is obliged to and does pay or bear the burden of any such tax (and does not secure a refund thereof), the subcontract price shall be correspondingly increased. If, after the subcontract date, the Seller is relieved in whole or in part from the payment or the burden of any direct tax included in the subcontract price, or any tax directly applicable to the materials or components used in the manufacture or furnishing of the completed supplies or services covered by this subcontract, the Seller agrees promptly to notify the Company of such relief, and the subcontract price shall be correspondingly decreased or the amount of such relief paid over to the Company for the benefit of the Government. Invoices or vouchers covering any increase or decrease in the subcontract price pursuant to the provisions of this paragraph shall state the amount thereof, as a separate added or deducted item, and shall identify the particular tax imposed, increased, eliminated, or decreased.

(f) Refund or Drawback. If any tax or duty has been included in the subcontract price or the price as adjusted under paragraph (e) of this clause, and if the Seller is entitled to a refund or drawback by reason of the export or re-export of supplies covered by this subcontract, or of materials or components used in the manufacture or furnishing of the completed supplies or services covered by this subcontract, the Seller agrees that he will promptly notify the Company thereof and that the amount of any such refund or drawback obtained will be paid over to the Company for the benefit of the Government or credited against amounts due from the Company under this subcontract: Provided, however, That the Seller shall not be required to apply for such refund or drawback unless so requested by the Company.

26. INTEREST

(This clause does not apply if Seller is a nonprofit organization or a state or local government or instrumentality.) All amounts that become payable to Company by Seller under this Agreement shall bear simple interest from the date due until paid, unless paid within 30 calendar days of the date due. The interest rate shall be the rate established by the Secretary of the Treasury under Section 12 of the Contract Disputes Act of 1978 (Public Law 95-563) as of the date due, and then at the rate applicable for each six-month period as fixed by the Secretary until the amount is paid. This clause shall not apply to amounts due under a price reduction for defective cost or pricing data clause or a cost accounting standards clause.

27. ASSIGNMENT

Except as provided in the Assignment of Claims clause, Seller shall not assign rights or obligations to third parties without the prior written consent of Subcontract Administrator.

28. ASSIGNMENT OF CLAIMS

(a) The Seller may assign its rights to be paid amounts due or to become due as a result of the performance of this Agreement to a bank, trust company, or other financing institution, including any Federal lending agency. The assignee under such an assignment may thereafter further assign or reassign its right under the original assignment to any type of financing institution described in the preceding sentence. Unless otherwise stated in this Agreement, payments to an assignee of any amounts due or to become due under this Agreement shall not be subject to reduction or setoff.

(b) Any assignment or reassignment authorized under this clause shall cover all unpaid amounts payable under this Agreement, and shall not be made to more than one party, except that an assignment or reassignment may be made to one party as agent or trustee for two or more parties participating in the financing of this Agreement.

(c) The Seller shall not furnish or disclose to any assignee under this Agreement any classified document (including this Agreement) or information related to work under this Agreement until the Subcontract Administrator authorizes such action in writing.

29. RESOLUTION OF DISPUTES

(a) Seller and Company agree to make good-faith efforts to settle any dispute or claim that arises under this Agreement through discussion and negotiation. If such efforts fail to result in a mutually agreeable resolution, the parties shall consider the use of Alternative Dispute Resolution (ADR). Whether mediation or binding arbitration is voluntarily agreed to or court ordered, the site of the proceedings shall be Oak Ridge, Tennessee; the parties shall share the cost of obtaining the mediator or arbiter, and each party shall bear its discretionary costs.

(b) "Claim," as used in this clause, means a written demand or written assertion by one of the contracting parties seeking, as a matter of right, the payment of money in a sum certain, the adjustment or interpretation of Agreement terms, or other relief arising from or relating to this Agreement, or its

breach. A voucher, invoice, or other routine request for payment (e.g., a request for an equitable adjustment) that is not in dispute when submitted is not a claim, but may be converted to a claim by the Seller as provided in paragraph (c) below.

(c) A claim by the Seller shall be made in writing, cite this clause, and be submitted to the Company's Procurement Manager with a request for a Final Decision.

(d) Seller and any lower-tier subcontractors whose portion of the claim exceeds \$50,000 shall certify its portion of the claim; provided however, if Seller cannot certify the lower-tier subcontractor's portion of Seller's claim, Seller shall explain in writing why it cannot certify that portion.

(i) The Company shall not be liable for, and shall not pay, any claim originated by the Seller if that claim exceeds \$50,000 unless Seller's claim is accompanied by the below certification from the Seller.

(ii) The Company shall not be liable for, and shall not pay, any claim of a lower-tier subcontractor to Seller if that claim, without mark-ups by a higher-tier subcontractor or Seller, exceeds \$50,000 unless that claim is accompanied by the below certification from the lower-tier subcontractor that originated the claim.

(iii) The aggregate amount of both increased and decreased costs shall be used in determining when the dollar threshold requiring certification is met.

CERTIFICATION

I acknowledge the expectation that any payment by the Company for this requested contract adjustment will be reimbursed by funds of the Federal Government, and, under penalty of law, I certify that this claim request is made in good faith, that the supporting data are accurate and correct to the best of my knowledge and belief, that the amount requested accurately reflects the contract adjustment for which the Seller and I believe the Company is liable, and that I am duly authorized to certify the request on behalf of [the Seller or lower-tier subcontractor, as appropriate].

(e) (1) A claim from Seller shall be deemed denied if the Procurement Manager does not issue a written Final Decision (i) by the date the Procurement Manager notified Seller that the decision would be issued, or (ii) within 60 calendar days after receipt of the claim if the Procurement Manager did not notify Seller of a date by which the Final Decision would be issued. The Procurement Manager may, but is not required to, issue a written Final Decision after a claim is deemed denied.

(2) The Procurement Manager's written Final Decision on any Seller claim shall be final and conclusive between the parties with no right of judicial review, provided however, that the Final Decision shall not be final and binding against either party, and shall be given no evidentiary weight by the trier of fact, if the Seller files suit within 90 calendar days of the written Final Decision in the appropriate court as provided for in paragraph (f) below.

(3) Seller shall have no right to file suit prior to the date of the written Final Decision or 60 calendar days from the Procurement Manager's receipt of the claim, whichever occurs earlier.

(f) (1) Where Seller is a State agency, such as an Educational Institution, the applicable constitutional provisions or statutes that govern sovereign immunity shall dictate the appropriate forum and law governing substantive issues.

(2) In all other cases, subject to (f)(3) below, any litigation shall be brought and prosecuted exclusively in Federal District Court, with venue in the United States Court for the Eastern District of Tennessee, Northern Division.

(3) However, in the event the requirements for jurisdiction in Federal District Court are not present, such litigation shall be brought in either Anderson, Knox, or Roane County, Tennessee, in the Circuit or Chancery Court, as appropriate.

(4) THE PARTIES AGREE TO TRIAL BY JUDGE ALONE AND HEREBY WAIVE ANY RIGHT TO DEMAND A TRIAL BY JURY. (5) If a court awards prejudgment interest on a claim, the interest rate shall be the applicable rate established by the Secretary of the Treasury under Section 12 of the Contract Disputes Act of 1978 (Public Law 95-563).

(g) The parties agree that, subject to (f)(1), the resolution of all issues arising from or relating to this Agreement shall be governed to the maximum extent practicable by the common law of federal contracts; provided, however, that (i) the "Christian Doctrine" shall not apply, meaning that federal procurement clauses (e.g., the FAR, including agency supplements) or portions thereof not appearing in this Agreement shall not be read into this Agreement, and (ii) where the language of any clause, provision or term herein differs from the language of a federal procurement clause, provision or term, the differing language of this Agreement shall control. Where the common law of federal contracts does not apply, then subject to (f)(1), resolution shall be governed by the laws of the State of Tennessee.

(h) There shall be no interruption in the performance of the work, and Seller shall proceed diligently with the performance of this Agreement pending final resolution of any dispute arising under or related to this Agreement between the parties or between Seller and its subtier subcontractors.

30. BANKRUPTCY

If Seller enters into any proceeding relating to bankruptcy, it shall give written notice by certified mail to the Subcontract Administrator within five calendar days of initiation of the proceedings. The notification shall include the date on which the proceeding was filed, the identity and location of the court and a listing, by Company Agreement numbers, of all Company Agreements for which final payment has not been made.

31. STOP-WORK ORDER

(a) Unless the provisions for stop work under the "Environmental, Safety and Health" clause apply, the Subcontract Administrator, may under this clause, at any time, by written order, require Seller to stop all or any portion of the work called for by this Agreement for 90 calendar days, and for any other further period to which the parties may agree. Seller shall immediately comply with the order and take all

reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the work stoppage.

(b) Before expiration of the stop-work order, Company may --

(1) Cancel the stop-work order; or

(2) Terminate the work covered by the order for default or convenience.

(c) If the order is canceled or expires, the Seller shall resume work. The Company shall make an equitable adjustment in the delivery schedule or price, or both, and the Agreement shall be modified, in writing, accordingly, if the stop-work order results in an increase in the time required for, or cost properly allocable to, performance of this Agreement. As a condition precedent to an equitable adjustment, Seller shall submit its request for equitable adjustment in writing to the Subcontract Administrator within 30 calendar days after the work stoppage ends.

(d) If the work covered by the order is terminated for convenience, Company shall allow reasonable costs resulting from the order in arriving at the termination settlement.

(e) If the work covered by the order is terminated for default, Company shall allow, by equitable adjustment or otherwise, reasonable costs resulting from the order.

32. SUSPENSION OF WORK

(a) The Subcontract Administrator may order the Seller, in writing, to suspend, delay, or interrupt all or any part of the work of this Agreement for the period of time that the Subcontract Administrator determines appropriate.

(b) If the performance of all or any part of the work is, for an unreasonable period of time, suspended, delayed, or interrupted (1) by an act of the Company in the administration of this Agreement, or (2) by the Company's failure to act within the time specified in this Agreement (or within a reasonable time if not specified), an adjustment shall be made for any increase in the cost of performance of this Agreement (excluding profit) necessarily caused by the unreasonable suspension, delay, or interruption, and the Agreement modified in writing accordingly. However, no adjustment shall be made under this clause for any suspension, delay, or interruption to the extent that performance would have been so suspended, delayed, or interrupted by any other cause, including the fault or negligence of the Seller, or for which an equitable adjustment is provided or excluded under any other term or condition of this Agreement.

(c) A request for adjustment under this clause shall not be allowed—

(1) For any costs incurred more than 14 calendar days before the Seller shall have notified the Subcontract Administrator in writing of the act or failure to act involved (but this requirement shall not apply as to a claim resulting from a suspension order); and

(2) Unless the request for adjustment, in an amount stated, is submitted in writing as soon as practicable, but no later than 180 calendar days, after the termination of the suspension, delay, or interruption. Requests for adjustment not submitted within the 180-day period are waived.

33. CHANGES

(a) The Subcontract Administrator may at any time, by written order, and without notice to the sureties, if any, make changes within the general scope of this Agreement in any one or more of the following:

(1) Drawings, designs, or specifications when the supplies to be furnished are to be specially manufactured for the Company in accordance with the drawings, designs, or specifications.

(2) Method of shipment or packing.

(3) Place of delivery of supplies.

(4) Description of services to be performed.

(5) Time of performance of the services (*i.e.*, hours of the day, days of the week, etc.).

(6) Place of performance of the services.

(b) If any such change causes a difference in the cost, or the time required for performance, the Company shall, subject to the submission requirement in paragraph (d), make an equitable adjustment in the price, delivery/performance schedule, or both, and modify the Agreement in writing. If Seller's proposal includes the cost of property made obsolete or excess by the change, the Company has the right to prescribe the manner of disposition of the property.

(c) Only the Subcontract Administrator is authorized on behalf of the Company to issue a change, which must be in writing and clearly designated as a change order. If Seller considers that any oral direction or instruction by any Company personnel (including the Subcontract Administrator) constitutes a change, or if Seller considers that any written direction or instruction by any Company personnel (other than a designated change order issued by the Subcontract Administrator) constitutes a change, Seller shall not rely upon such direction or instruction and shall not be eligible for an equitable adjustment arising there from, without prior written confirmation from the Subcontract Administrator directing Seller to perform as stated in the direction or instruction. If such written confirmation from the Subcontract Administrator to perform also confirms the direction or instruction to be a change, the confirmation shall be deemed a change order for purposes of paragraph (d). If, however, such written confirmation from the Subcontract Administrator to perform does not confirm the direction or instruction to be a change, any request by Seller for an equitable adjustment arising from such direction or instruction shall comply with paragraph (e).

(d) If the Subcontract Administrator issues a change order, any request for equitable adjustment by Seller must be submitted in writing to the Subcontract Administrator within 30 calendar days of receiving the Company's change order. If the request is not submitted within such time, the request shall be late and may be denied by the Subcontract Administrator whether or not the Company is prejudiced by the late request. If the Company, in its sole discretion, decides to act upon a particular late request submitted prior to final payment, such action shall not constitute or be deemed to be a waiver of this submission requirement with regards to any other late request, nor shall such action be considered in any way in interpreting this provision as a course of dealing or in any other manner.

(e)(1) If the Subcontract Administrator has not issued a written change order but the Seller considers a change to this Agreement has occurred because, for example: (i) the

Company did not satisfy one of its expressed or implied duties under the Agreement, or (ii) the Subcontract Administrator did not provide written confirmation that a change occurred in response to Seller's request for confirmation as provided for in paragraph (c), then as a condition precedent for entitlement to an equitable adjustment, Seller shall notify the Subcontract Administrator, in writing, that a change has occurred for which Seller intends to seek an equitable adjustment and identify: (i) date, nature and circumstances regarding the change, (ii) name of each person knowledgeable about the change, (iii) documents and substance of oral communications involving the change, and (iv) the particular elements of performance impacted by the change, including (a) adjustment in labor and/or materials, (b) delay or disruption caused, (c) estimated resulting price and schedule adjustments and (d) time by which Company must respond to minimize cost, delay, or disruption to performance of the work.

(2) In no event shall Seller recover any costs caused by the change incurred prior to 14 calendar days before Seller gives such written notice.

(3) Any request for equitable adjustment by Seller must be submitted in writing to the Subcontract Administrator no later than 30 calendar days after Seller gives the written notice specified in subparagraph (e)(1). If the request is not submitted within such time, the request shall be late and may be denied by the Subcontract Administrator whether or not the Company is prejudiced by the late request. If the Company, in its sole discretion, decides to act upon a particular late request submitted prior to final payment, such action shall not constitute or be deemed to be a waiver of this submission requirement with regards to any other late request, nor shall such action be considered in any way in interpreting this provision as a course of dealing or in any other manner.

(f) Nothing in this clause, including any disagreement with Company about an equitable adjustment, shall excuse Seller from proceeding with the Agreement as changed.

34. SUBCONTRACTS

(a) Definitions. As used in this clause—

“Approved purchasing system” means a purchasing system that has been reviewed and approved in accordance with Part 44 of the Federal Acquisition Regulation (FAR).

“Consent to subcontract” means the Subcontract Administrator's written consent for the Seller to enter into a particular subcontract.

“Subcontract” means any contract, as defined in FAR Subpart 2.1, entered into by a subcontractor to furnish supplies or services for performance of this Agreement or a subcontract. It includes, but is not limited to, purchase orders, and changes and modifications to purchase orders.

(b) This clause does not apply to subcontracts for special test equipment if this Agreement contains the clause at FAR 52.245-18, Special Test Equipment.

(c) If the Seller does not have an approved purchasing system, consent to subcontract is required for any subcontract that—

(1) Is of the cost-reimbursement, time-and-materials, or labor-hour type; or

(2) Is fixed-price and exceeds either \$100,000 or five percent of the ceiling price of this Agreement.

(d) (1) The Seller shall notify the Subcontract Administrator reasonably in advance of placing any subcontract or modification thereof for which consent is required, including the following information:

(i) A description of the supplies or services to be subcontracted.

(ii) Identification of the type of subcontract to be used.

(iii) Identification of the proposed subcontractor.

(iv) The proposed subcontract price.

(v) The subcontractor's current, complete, and accurate cost or pricing data and Certificate of Current Cost or Pricing Data, if required by other clauses of this Agreement.

(vi) The subcontractor's Disclosure Statement or Certificate relating to Cost Accounting Standards when such data are required by other clauses of this Agreement.

(vii) A negotiation memorandum reflecting—

(A) The principal elements of the subcontract price negotiations;

(B) The most significant considerations controlling establishment of initial or revised prices;

(C) The reason cost or pricing data were or were not required;

(D) The extent, if any, to which the Seller did not rely on the subcontractor's cost or pricing data in determining the price objective and in negotiating the final price;

(E) The extent to which it was recognized in the negotiation that the subcontractor's cost or pricing data were not accurate, complete, or current; the action taken by the Seller and the subcontractor; and the effect of any such defective data on the total price negotiated;

(F) The reasons for any significant difference between the Seller's price objective and the price negotiated; and

(G) A complete explanation of the incentive fee or profit plan when incentives are used. The explanation shall identify each critical performance element, management decisions used to quantify each incentive element, reasons for the incentives, and a summary of all trade-off possibilities considered.

(2) The Seller is not required to notify the Subcontract Administrator in advance of entering into any subcontract for which consent is not required under this clause.

(e) Unless the consent specifically provides otherwise, consent by the Subcontract Administrator to any subcontract does not constitute a determination—

(1) Of the acceptability of any subcontract terms or conditions;

(2) Of the allowability of any cost under this Agreement; or

(3) To relieve the Seller of any responsibility for performing this Agreement.

(f) No subcontract or modification thereof placed under this Agreement shall provide for payment on a cost-plus-a-percentage-of-cost basis, and any fee payable under cost-reimbursement type subcontracts shall not exceed the fee limitations in FAR 15.404-4(c)(4)(i).

(g) The Seller shall give the Subcontract Administrator immediate written notice of any action or suit filed and prompt notice of any claim made against the Seller by any subcontractor or vendor that, in the opinion of the Seller, may result in litigation related in any way to this Agreement, with respect to which the Seller may be entitled to reimbursement from the Company.

35. GOVERNMENT PROPERTY

(a) If Seller purchases property for which it is entitled to reimbursement as a direct item of cost, title for said property shall pass directly to the Government upon delivery to the Seller. Title to all other property, the cost of which is reimbursable to Seller, shall pass to the Government upon the earliest of issuance of property for use in performance, or processing property for use in performance, or reimbursement of cost of property

(b) As may be required by the Agreement, the Company shall deliver to Seller at the time and locations stated in this Agreement the Government property described in this Agreement. If the property is not suitable for its intended use or is not delivered to Seller as specified in this Agreement, Company shall equitably adjust affected provisions in accordance with the Changes clause when the facts warrant an equitable adjustment and Seller submits a timely written request for such adjustment. Said equitable adjustment shall be Seller's exclusive remedy.

(c) Title to all Government property, whether provided by the Company or acquired by the Seller, shall remain in the Government. Title shall not be affected by the incorporation or attachment to any property not owned by the Government, nor shall any Government property become a fixture or lose its identity because it is affixed to any realty.

(d) For all Government property in Seller's possession or for which Seller is responsible for, the Seller assumes the risk and responsibility for its loss or damage, except—

(1) For reasonable wear and tear;

(2) To the extent property is consumed in performing this Agreement; or

(3) As otherwise provided for by this Agreement.

(e) Seller shall establish and maintain a property control program for use, maintenance, repair, protection and preservation of Government property consistent with good business practices and as may be prescribed by Company. Except as may be authorized in writing by the Company, Government property shall be used only for the performance of this Agreement.

(f) Upon completion of this Agreement, Seller shall follow the instructions of the Subcontract Administrator regarding the disposition of all Government property not consumed in the performance of this Agreement (including any scrap) or previously delivered to the Company. Seller shall dismantle, prepare for shipment, and at the Subcontract Administrator's direction, store or deliver said property (at Company expense), or dispose of the property as directed by the Subcontract Administrator. The net proceeds of any such disposal shall be credited to the Agreement price or shall be paid as the Subcontract Administrator may direct.

(g) If this Agreement is to be performed outside the United States and its outlying areas, the words “Government” and “Government Property (wherever they appear in this clause) shall be construed as “United States Government” and “United States Government Property” respectively.-

36. INSPECTION

(a) Definitions. As used in this clause—

“Seller’s managerial personnel” means any of the Seller’s directors, officers, managers, superintendents, or equivalent representatives who have supervision or direction of—

(1) All or substantially all of the Seller’s business;

(2) All or substantially all of the Seller’s operation at any one plant or separate location where this Agreement is being performed; or

(3) A separate and complete major industrial operation connected with the performance of this Agreement.

“Materials” includes data when this Agreement does not include a Warranty of Data clause.

(b) The Seller shall provide and maintain an inspection system acceptable to the Company covering the material, fabricating methods, work, and services under this Agreement. Complete records of all inspection work performed by the Seller shall be maintained and made available to the Company during performance of this Agreement and for as long afterwards as the Agreement requires.

(c) The Company has the right to inspect and test all materials furnished and services performed under this Agreement, to the extent practicable at all places and times, including the period of performance, and in any event before acceptance. The Company may also inspect the plant or plants of the Seller or any subcontractor engaged in performance of this Agreement. The Company shall perform inspections and tests in a manner that will not unduly delay the work.

(d) If the Company performs inspection or test on the premises of the Seller or a subcontractor, the Seller shall furnish and shall require subcontractors to furnish all reasonable facilities and assistance for the safe and convenient performance of these duties.

(e) Unless otherwise specified in the Agreement, the Company shall accept or reject services and materials at the place of delivery as promptly as practicable after delivery, and they shall be presumed accepted 60 days after the date of delivery, unless accepted earlier.

(f) At any time during performance, but not later than six months (or such other time as may be specified in the Agreement) after Company acceptance of the services or materials last delivered under this Agreement, the Company may require the Seller to replace or correct services or materials that at time of delivery failed to meet Agreement requirements. Except as otherwise specified in paragraph (h) of this clause, the cost of replacement or correction shall be determined under the Payments clause of this Agreement, but the “hourly rate” for labor hours incurred in the replacement or correction shall be reduced to exclude that portion of the rate attributable to profit. The Seller shall not tender for Company acceptance materials and services required to be replaced or corrected without disclosing the former

requirement for replacement or correction, and, when required, shall disclose the corrective action taken.

(g) If the Seller fails to proceed with reasonable promptness to perform required replacement or correction, and if the replacement or correction can be performed within the ceiling price (or the ceiling price as increased by the Company), the Company may—

(1) By contract or otherwise, perform the replacement or correction, charge to the Seller any increased cost, or deduct such increased cost from any amounts paid or due under this Agreement; or

(2) Terminate this Agreement for default.

(h) Notwithstanding paragraphs (f) and (g) of this clause, the Company may at any time require the Seller to remedy by correction or replacement, without cost to the Company, any failure by the Seller to comply with the requirements of this Agreement, if the failure is due to—

(1) Fraud, lack of good faith, or willful misconduct on the part of the Seller’s managerial personnel; or

(2) The conduct of one or more of the Seller’s employees selected or retained by the Seller after any of the Seller’s managerial personnel has reasonable grounds to believe that the employee is habitually careless or unqualified.

(i) This clause applies in the same manner and to the same extent to corrected or replacement materials or services as to materials and services originally delivered under this Agreement.

(j) The Seller has no obligation or liability under this Agreement to correct or replace materials and services that at time of delivery do not meet Agreement requirements, except as provided in this clause or as may be otherwise specified in the Agreement.

(k) Unless otherwise specified in the Agreement, the Seller’s obligation to correct or replace Government-furnished property shall be governed by the clause pertaining to Government property.

37. SPECIFICATIONS, DRAWINGS AND OTHER TECHNICAL DATA

(a) Anything mentioned in the specifications and not shown on the drawings, or shown on the drawings and not mentioned in the specifications, shall be of like effect as if shown or mentioned in both. In case of difference between drawings and specifications, the specifications shall govern. In case of discrepancy in the figures, in the drawings, or in the specifications, the matter shall be promptly submitted to the Subcontract Administrator, who shall promptly make a determination in writing. Any adjustment by the Seller without such a determination shall be at its own risk and expense.

(b) “Shop drawings” means drawings submitted to the Company by the Seller or any lower-tier subcontractor showing in detail (1) the proposed fabrication and assembly of structural elements, and (2) the installation (*i.e.*, fit and attachment details) of materials or equipment. The term includes drawings, diagrams, layouts, schematics, descriptive literature, illustrations, schedules, performance, test data, other technical data and similar materials furnished by the Seller to explain in detail specific portions of the work. The Company

may duplicate, use, and disclose in any manner and for any purpose shop drawings delivered under this Agreement.

(c) If this Agreement requires shop drawings, the Seller shall coordinate all such drawings, and review them for accuracy, completeness, and compliance with requirements of this Agreement and shall indicate its approval thereon as evidence of such coordination and review. Shop drawings submitted to the Company without evidence of the Seller's approval may be returned for resubmission. The Company will indicate an approval or disapproval of the shop drawings and if not approved as submitted shall indicate its reasons therefore. Any work done before such approval shall be at the Seller's risk. Approval by the Company shall not relieve the Seller from responsibility for any errors or omissions in such drawings or other technical data, nor from responsibility for complying with the requirements of this Agreement, except with respect to variations described and approved in accordance with paragraph (d) of this clause.

(d) If shop drawings show variations from the requirements of this Agreement, the Seller shall describe such variations in writing, separate from the drawings, at the time of submission. If the Company approves any such variation, the Company shall issue an appropriate modification to this Agreement, except that, if the variation is minor or does not involve a change in price or in time of performance, a modification need not be issued.

38. REQUIREMENTS FOR REGISTRATION OF DESIGNERS

Architects or engineers registered to practice in the particular professional field involved in a State, the District of Columbia, or an outlying area of the United States shall prepare or review and approve the design of architectural, structural, mechanical, electrical, civil, or other engineering features of the work.

39. STANDARDS AND CODES

In case of any conflict between any referenced standards and codes and an Agreement provision, Seller shall immediately notify Company of such conflict together with a recommendation for resolution. Company shall confirm the Agreement requirement in writing or direct an alternative solution in accordance with the Changes clause of this Agreement.

40. SUBCONTRACTORS

Any subcontractors required by the Seller to perform services covered by the Agreement will be limited to firms that were specifically identified in the Seller's proposal and agreed to by the Company.

The Seller shall obtain the Subcontract Administrator's written consent before making any substitution or addition to these firms.

41. SUSPECT/COUNTERFEIT ITEMS

(a) Definitions. (1) A suspect item is one that visual inspection, testing, or other means indicate may not conform to established Government or industry-accepted specifications or national consensus standards; or one whose documentation, appearance, performance, material, or other characteristics

may have been misrepresented by the supplier or manufacturer.

(2) A counterfeit item is a suspect item that has been copied or substituted without legal right or authority or whose material, performance, or other characteristics are misrepresented by the supplier or manufacturer.

(b)(1) Items furnished under this Agreement are intended for use in a U.S. Department of Energy (DOE) facility. Suspect and counterfeit items in the following categories have been discovered at DOE sites:

- Threaded fasteners, including fasteners in assemblies such as ratchet tie-down straps, and in particular fasteners in critical load paths of lifting equipment such as fixed and mobile cranes, forklifts, scissor lifts, manlifts, balers, truck and dock lifts, elevators, conveyors, and slings.
- Electrical components (circuit breakers, semi-conductors, current and potential transformers, fuses, resistors, switchgear, overload and protective relays, motor control centers, heaters, motor generator sets, DC power supplies, AC inverters, transmitters, GFCI's).
- Piping components (fittings, flanges, valves and valve replacement products, couplings, plugs, spacers, nozzles, pipe supports).
- Materials, including sheet, strip, castings, and other forms, and particularly materials for which welding and heat-treating are required for conformance to specifications.
- Welding rod and electrodes.
- Computer memory modules.

(2) Additional guidance on suspect and counterfeit items and their indicators is available at the DOE web sites <http://www.eh.doe.gov/sci>.

(c) The Seller and its subcontractors and suppliers shall maintain sufficient control to prevent the procurement, installation, use, and delivery of materials and equipment that contain or exhibit suspect or counterfeit item characteristics or conditions. In the event that the Seller identifies or suspects that a suspect/counterfeit item may have been delivered under this Agreement, Seller shall immediately notify the Subcontract Administrator. Seller shall document and provide all available information regarding any item or service furnished under this Agreement that is suspected to be a suspect/counterfeit item, component, subcomponent part or material.

(d) Notwithstanding any other provision of this Agreement, the Seller warrants that all items furnished under this Agreement shall be genuine, new, and unused unless otherwise specified in writing by the Company. The Seller further warrants that all items used by the Seller in the performance of the work under this Agreement at the Y-12 National Security Complex consist of all genuine, original, and new components, or are otherwise suitable for the intended purpose. The Seller's warranty also extends to labels and/or trademarks or logos affixed, or designed to be affixed, to items supplied or delivered to the Company.

(e) DOE has determined that SAE Grades 5, 8, and 8.2 and ASTM Grade A325 fasteners, identified on DOE's Suspect

Bolt Headmark List must not be introduced into DOE facilities. (DOE's Suspect Bolt Headmark List may be seen on the "Procurement" link at <http://www.y12.doe.gov>) Therefore, such fasteners shall not be provided as deliverable end items or incorporated into deliverable end items under this Agreement.

(f) (1) No "fastener," as defined by the Fastener Quality Act (the Act), 15 U.S.C. 5401 et seq., shall be supplied to the Company as a deliverable end item or incorporated into deliverable end items unless it exhibits grade-identification markings and manufacturer's insignia required by the Act and implementing regulations of the Department of Commerce at 15 CFR Part 280.

(2) Records of conformance required by the Act shall be provided to the Company by the Seller upon request.

(g)(1) Vehicles and equipment with suspect fasteners described in paragraph (e) above or other suspect/counterfeit items in critical applications are not allowed on DOE sites. (A critical application is one in which failure of the item could potentially result in injury to persons or damage to the property, equipment, or environment.)

(2) The Seller must inspect all vehicles and equipment for suspect/counterfeit items and submit the "Suspect/Counterfeit Item Certification" to the STR before bringing them on site. The required Certification form is available on the "Procurement" link at <http://www.y12.doe.gov>.

(3) Vehicles and equipment on site owned or controlled by the Seller and found to contain suspect/counterfeit items must not be further used pending a Company evaluation. If the Company determines that the suspect/counterfeit items are in critical applications, the items must be repaired or replaced before the vehicles or equipment may be returned to use. Repair or replacement will be at the Seller's expense.

(h)(1) Molded case circuit breakers that cannot be substantiated by Seller as new, or that give an appearance to Company inspectors or electricians of having been used, refurbished, or reconditioned may be rejected by Company on the basis of appearance alone.

(2) The Company may obtain an opinion from the original manufacturer concerning legitimacy of any molded case circuit breaker furnished under this Agreement. Company may reject any molded case circuit breaker provided by Seller based on the manufacturer's opinion.

(3) (A) If a molded case circuit breaker is not provided by Seller in the original manufacturer's packaging, Seller shall notify Company prior to shipment and shall provide the specific identification and markings of the container(s) to be supplied.

(B) The original manufacturer's markings, date code if used, and labels shall not have been altered or obliterated.

(C) The handle of the molded case circuit breaker shall show the original manufacturer's rating in a "hot stamp" which shall not be subsequently altered or obliterated.

(D) Terminal configuration and hardware shall not have been altered or modified from the original equipment provided by the manufacturer.

(E) All molded case circuit breakers shall be Underwriters' Laboratory (UL) rated, listed, approved, and accordingly labeled.

(i) Equipment or assemblies that consist of or contain electrical components shall exhibit, as applicable, legible amperage and voltage ratings, operating parameters, and the product manufacturer's labels and identification. Electrical components shall exhibit labels from a nationally recognized testing laboratory.

(j) Materials and equipment delivered under this Agreement shall exhibit the manufacturer's original labels and identification.

(k) The Seller shall indemnify the Company, its agents, and assignees for any financial loss, injury, or property damage resulting directly or indirectly from material, components, or parts furnished or used under this Agreement that are not genuine, original, and unused, or otherwise not suitable for the intended purpose. The Seller's indemnity includes any financial loss, injury, or property damage resulting directly or indirectly from items furnished or used under this Agreement that are defective, suspect, or counterfeit; or that have been provided under false pretenses; or that are materially altered, damaged, deteriorated, degraded, or result in product failure.

(l) Suspect/counterfeit items furnished under this Agreement will be impounded by the Company. The Seller must promptly replace them with items acceptable to the Company, and the Seller shall be liable for all costs relating to discovery, removal, impoundment, and replacement of materials and equipment that contain or exhibit suspect or counterfeit item characteristics or conditions.

(m) Detection by the Company of any suspect or counterfeit condition may result in an investigation by the U.S. Government.

(n) The rights of Company in this clause are in addition to any other rights provided by law or contract.

(o) The Seller shall include this clause in subcontracts hereunder.

42. TRANSPORTATION

If transportation is specified "FOB Origin," (a) no insurance cost shall be allowed unless authorized in writing and (b) the bill of lading shall indicate that transportation is for DOE and the actual total transportation charges paid to the carrier(s) by Company shall be reimbursed by the Government pursuant to Contract No. DE-AC05-00OR22800. Confirmation may be made to NNSA/NPO/CO.

43. TERMINATION

(a) The Company may terminate performance of work under this Agreement in whole or, from time to time, in part,

(1) For the convenience of the Company or and

(2) If the Seller defaults in performing this Agreement and fails to cure the default within 10 calendar days (unless extended by the Subcontract Administrator) after receiving a notice specifying the default. "Default" includes failure to make progress in the work so as to endanger performance.

(b) The Company shall terminate by delivering to the Seller a Notice of Termination specifying whether termination is for default or for convenience of the Company, the extent of

termination, and the effective date. If, after termination for default, it is determined that the Seller was not in default or that the Seller's failure to perform or to make progress in performance is due to causes beyond the control and without the fault or negligence of the Seller as set forth in the Excusable Delays clause, the rights and obligations of the parties will be the same as if the termination was for the convenience of the Company.

(c) After receipt of a Notice of Termination, and except as directed by the Subcontract Administrator, the Seller shall immediately proceed with the following obligations, regardless of any delay in determining or adjusting any amounts due under this clause:

(1) Stop work as specified in the notice.

(2) Place no further subcontracts or orders (referred to as subcontracts in this clause), except as necessary to complete the continued portion of this Agreement.

(3) Terminate all subcontracts to the extent they relate to the work terminated.

(4) Assign to the Company, as directed by the Subcontract Administrator, all right, title, and interest of the Seller under the subcontracts terminated, in which case the Company shall have the right to settle or to pay any termination settlement proposal arising out of those terminations.

(5) With approval or ratification to the extent required by the Subcontract Administrator, settle all outstanding liabilities and termination settlement proposals arising from the termination of subcontracts, the cost of which would be reimbursable in whole or in part, under this Agreement; approval or ratification will be final for purposes of this clause.

(6) Transfer title (if not already transferred) and, as directed by the Subcontract Administrator, deliver to the Company—

(i) The fabricated or unfabricated parts, work in process, completed work, supplies, and other material produced or acquired for the work terminated;

(ii) The completed or partially completed plans, drawings, information, and other property that, if the Agreement had been completed, would be required to be furnished to the Company; and

(iii) The jigs, dies, fixtures, and other special tools and tooling acquired or manufactured for this Agreement, the cost of which the Seller has been or will be reimbursed under this Agreement.

(7) Complete performance of the work not terminated.

(8) Take any action that may be necessary, or that the Subcontract Administrator may direct, for the protection and preservation of the property related to this Agreement that is in the possession of the Seller and in which the Company has or may acquire an interest.

(9) Use its best efforts to sell, as directed or authorized by the Subcontract Administrator, any property of the types referred to in paragraph (c) (6) of this clause; *provided, however*, that the Seller (i) is not required to extend credit to any purchaser and (ii) may acquire the property under the conditions prescribed by, and at prices approved by, the Subcontract Administrator. The proceeds of any transfer or

disposition will be applied to reduce any payments to be made by the Company under this Agreement, credited to the price or cost of the work, or paid in any other manner directed by the Subcontract Administrator.

(d) The Seller shall submit complete termination inventory schedules no later than 120 calendar days from the effective date of termination, unless extended in writing by the Subcontract Administrator upon written request of the Seller within this 120-day period.

(e) After expiration of the plant clearance period as defined in Subpart 49.001 of the Federal Acquisition Regulation, the Seller may submit to the Subcontract Administrator a list, certified as to quantity and quality, of termination inventory not previously disposed of, excluding items authorized for disposition by the Subcontract Administrator. The Seller may request the Company to remove those items or enter into an agreement for their storage. Within 15 calendar days, the Company will accept the items and remove them or enter into a storage agreement. The Subcontract Administrator may verify the list upon removal of the items, or if stored, within 45 calendar days from submission of the list, and shall correct the list, as necessary, before final settlement.

(f) After termination, the Seller shall submit a final termination settlement proposal to the Subcontract Administrator in the form and with the certification prescribed by the Subcontract Administrator. The Seller shall submit the proposal promptly, but no later than six months from the effective date of termination, unless extended in writing by the Subcontract Administrator upon written request of the Seller within this six month period. However, if the Subcontract Administrator determines that the facts justify it, a termination settlement proposal may be received and acted on after six months or any extension. If the Seller fails to submit the proposal within the time allowed, the Subcontract Administrator may determine, on the basis of information available, the amount, if any, due the Seller because of the termination and shall pay the amount determined.

(g) Subject to paragraph (f) of this clause, the Seller and the Subcontract Administrator may agree on the whole or any part of the amount to be paid (including an allowance for fee) because of the termination. The Agreement shall be amended, and the Seller paid the agreed amount.

(h) If the Seller and the Subcontract Administrator fail to agree in whole or in part on the amount to be paid because of the termination of work, the Subcontract Administrator shall determine, on the basis of information available, the amount, if any, due the Seller and shall pay the amount determined as follows:

(1) If the termination is for the convenience of the Company include—

(i) An amount for direct labor hours (as defined in the Agreement) determined by multiplying the number of direct labor hours expended before the effective date of termination by the hourly rate(s) in the Agreement, less any hourly rate payments already made to the Seller;

(ii) An amount (computed under the provisions for payment of materials) for material expenses incurred before the effective date of termination, not previously paid to the Seller;

(iii) An amount for labor and material expenses computed as if the expenses were incurred before the effective date of termination, if they are reasonably incurred after the effective date, with the approval of or as directed by the Subcontract Administrator; however, the Seller shall discontinue these expenses as rapidly as practicable;

(iv) If not included in subdivision (h)(1)(i), (ii), or (iii) of this clause, the cost of settling and paying termination settlement proposals under terminated subcontracts that are properly chargeable to the terminated portion of this Agreement; and

(v) The reasonable costs of settlement of the work terminated, including—

(A) Accounting, legal, clerical, and other expenses reasonably necessary for the preparation of termination settlement proposals and supporting data;

(B) The termination and settlement of subcontracts (excluding the amounts of such settlements); and

(C) Storage, transportation, and other costs incurred, reasonably necessary for the protection or disposition of the termination inventory.

(2) If the termination is for default, include the amounts computed under paragraph (h) (1) of this clause but omit—

(i) Any amount for preparation of the Seller's termination settlement proposal; and

(ii) The portion of the hourly rate allocable to profit for any direct labor hours expended in furnishing materials and services not delivered to and accepted by the Company.

(i) If the termination is partial, the Seller may propose an equitable adjustment of price(s) for the continued portion of the Agreement. The Subcontract Administrator shall make any equitable adjustment agreed upon. Any proposal by the Seller for an equitable adjustment shall be requested within 90 calendar days from the effective date of termination, unless extended in writing by the Subcontract Administrator.

(j) In arriving at the amount due the Seller under this clause, there shall be deducted—

(1) All unliquidated advance or other payments to the Seller, under the terminated portion of this Agreement;

(2) Any claim which the Company has against the Seller under this Agreement; and

(3) The agreed price for, or the proceeds of sale of materials, supplies, or other things acquired by the Seller or sold under this clause and not recovered by or credited to the Company.

(k)(1) The Company may, under the terms and conditions it prescribes, make partial payments and payments against costs incurred by the Seller for the terminated portion of the Agreement, if the Subcontract Administrator believes the total of these payments will not exceed the amount to which the Seller will be entitled.

(2) If the total payments exceed the amount finally determined to be due, the Seller shall repay the excess to the Company upon demand, together with interest computed at the rate established by the Secretary of the Treasury under 50 U.S.C. App. 1215(b)(2). Interest shall be computed for the period from the date the excess payment is received by the Seller to the date the excess is repaid. Interest shall not be charged on any excess payment due to a reduction in the

Seller's termination settlement proposal because of retention or other disposition of termination inventory until 10 calendar days after the date of the retention or disposition, or a later date determined by the Subcontract Administrator because of the circumstances.

44. EXCUSABLE DELAYS

(a) Neither Company nor Seller shall be liable to the other party for default to the extent its nonperformance is caused by an occurrence beyond its reasonable control and without its fault or negligence (an "Excusable Delay"), such as Acts of God or the public enemy, fires, floods, epidemics, quarantine restrictions, strikes, (subject to (b)), unusually severe weather, delays of common carriers, and in the case of Seller's nonperformance, acts of the Government in either its sovereign or contractual capacity.

(b) Seller agrees that any strike, work stoppage, or labor dispute specifically related to work under this Agreement among Seller's employees or its subcontractors' employees are not Excusable Delays.

(c) If Company's or Seller's nonperformance is caused by the default of its subcontractor at any tier, and if the cause of the default is beyond the reasonable control of both the nonperforming party and its subcontractor, and without the fault or negligence of either, the nonperforming party shall be entitled to an Excusable Delay under this article, unless the subcontracted supplies or services were obtainable from other sources in sufficient time for the nonperforming party to meet the required delivery schedule.

The party whose performance is affected by an Excusable Delay shall be granted schedule relief only to the extent it justifies and accounts for the claimed period of delay

45. CLAUSES INCORPORATED BY REFERENCE

(a) The clauses listed in paragraph (c) below are incorporated herein by reference. The texts of FAR clauses are available at: <http://www.acquisition.gov>, the texts of DEAR clauses are available at:

<http://energy.gov/management/downloads/searchable-electronic-department-energy-acquisition-regulation>

and the texts of Company clauses are available on the "Procurement" link at <http://www.y12.doe.gov>. Except as provided in (b) below, in the listed clauses "Contractor" means the Seller, "Government" means the Company, "Contract" means this Agreement, and "Contracting Officer" means the Company's Subcontract Administrator.

(b) "Government" retains its meaning in:

(1) The phrases "Government property" and "Government-furnished property;"

(2) Paragraph (a) of FAR 52.203-12, Limitation on Payments to Influence Certain Federal Transactions; and

(3) DEAR 970.5208-1, Printing.

(c)(1)The following clauses are incorporated into this Agreement:

- FAR 52.215-18 Reversion or Adjustment of Plans for Postretirement Benefits (PRB) Other Than Pensions (July 2005)
- FAR 52.222-3 Convict Labor (JUN 2003)

- FAR 52.222-21 Prohibition of Segregated Facilities (FEB 1999)
 - FAR 52.222-26 Equal Opportunity (MAR 2007) (The required poster is available at: <http://www.dol.gov/ofccp/regs/compliance/posters/ccpost.htm>)
 - FAR 52.222-29 Notification of Visa Denial (JUN 2003)
 - FAR 52.222-36 Affirmative Action for Workers with Disabilities (OCT 2010) (Alternate I DEC 2001)
 - FAR 52.222-40 Notification of Employee Rights Under the National Labor Relations Act (DEC 2010)
 - FAR 52.222-50 Combating Trafficking in Persons (FEB 2009)
 - FAR 52.222-54 Employee Eligibility Verification (JUL 2012) (not applicable to COTS as defined by FAR)
 - FAR 52.223-2 Affirmative Procurement of Bio-Based Products Under Service and Construction Contracts (JUL 2012)
 - FAR 52.223-7 Notice of Radioactive Materials (JAN 1997)
(paragraph (a) shall read 45 days prior)
 - FAR 52.223-15 Energy Efficiency and Energy Consuming Products (DEC 2007)
